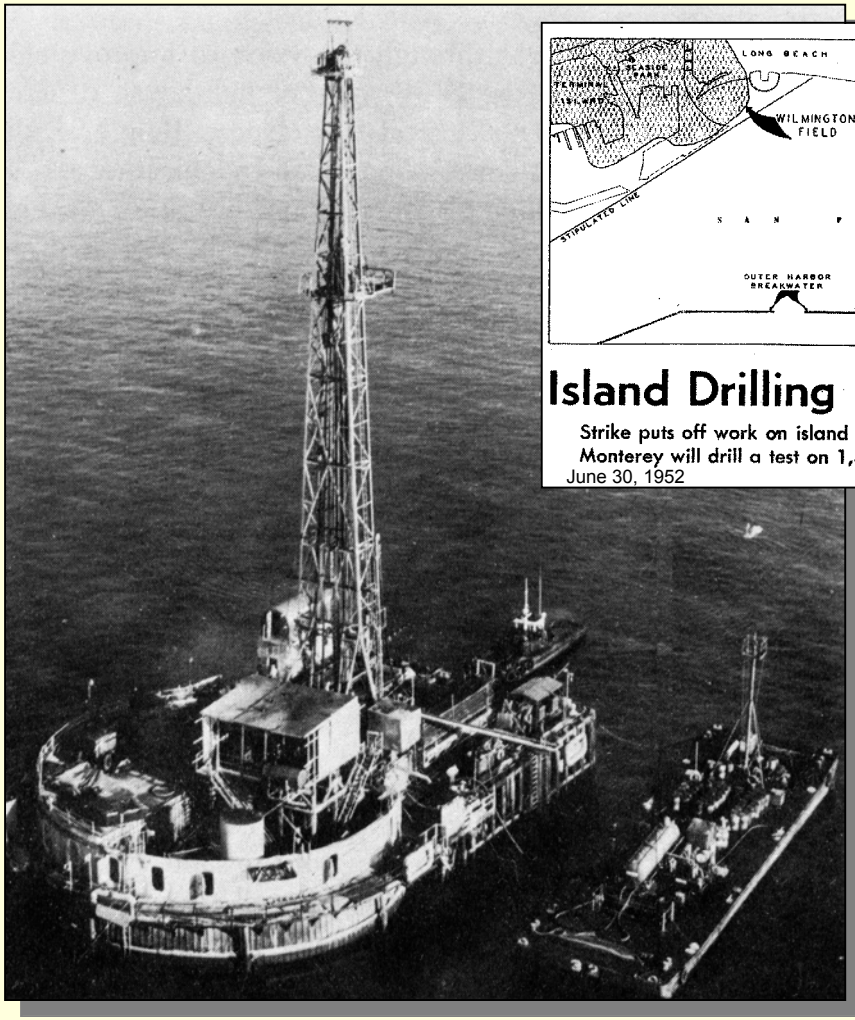
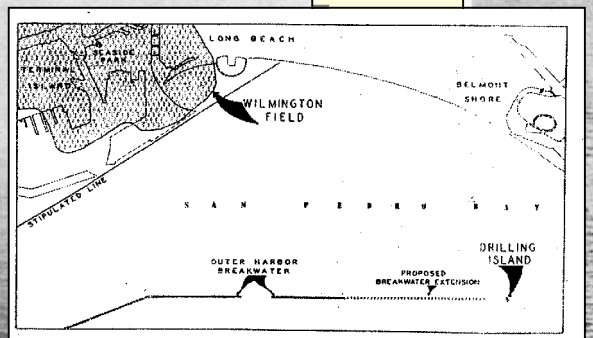
Belmont Island Decommissioning

ExxonMobil - Belmont Island Decommissioning Project

Million-Dollar Concrete Island

The Oil and Gas Journal June 21, 1954

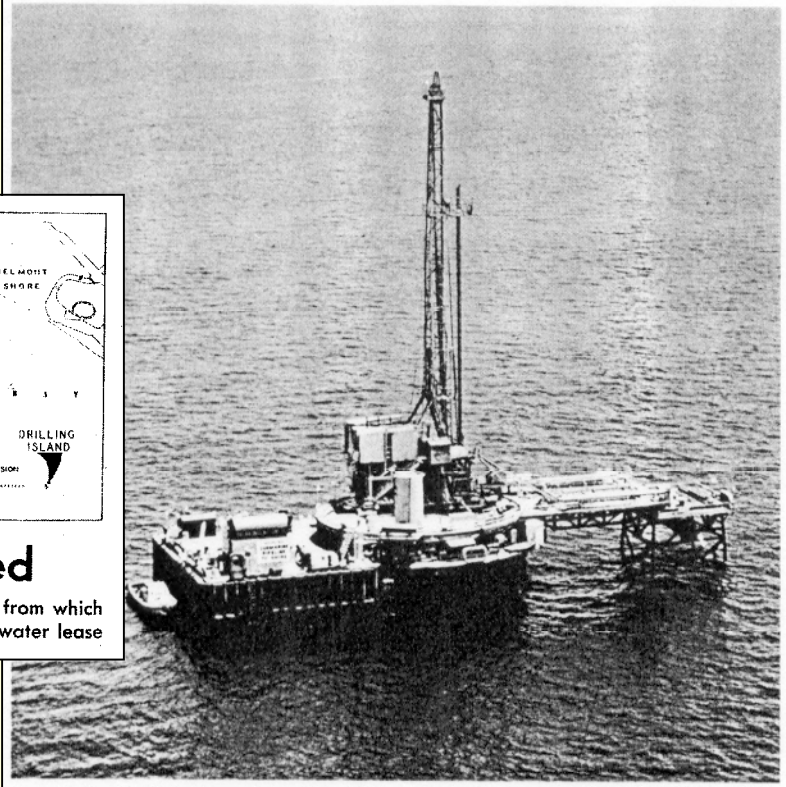




Island Drilling Delayed

Strike puts off work on island off Seal Beach from which Monterey will drill a test on 1,400-acre underwater lease

June 30, 1952



Man-made Monterey Island served as a base in the 1950s for the development of Belmont Offshore field, one and one-half miles offshore from Seal Beach. (Monterey Oil Company.)

Offshore Land Structure Planned

Monterey Oil Company to Drill From Circular Steel Enclosure 1.5 Miles off Coast of California

World Oil July 1, 1952
