CSLC EIR No. 740

CSLC File #: W26210, R19806

**NOTICE OF AVAILABILITY / PUBLIC MEETINGS**  
**DRAFT ENVIRONMENTAL IMPACT REPORT**

Pursuant to section 15087, Title 14, California Code of Regulations, this is to advise that the California State Lands Commission (CSLC) has completed a Draft Environmental Impact Report (DEIR) for the proposed Project described below:

**Project Title:** Pacific Gas and Electric Company (PG&E) Line 406-407 Natural Gas Pipeline

**Project Location:** The proposed pipeline would be approximately 40 miles long spanning four counties: Yolo, Sutter, Sacramento, and Placer. Line 406 would begin at PG&E's existing Lines 400 and 401 in Yolo County at the foot of the Coast Range and extend east to PG&E's existing Line 172A near the town of Yolo. Line 407 would extend from PG&E's existing Line 172A where the proposed Line 406 terminates, east to PG&E's existing Line 123 near the City of Roseville. The proposed Distribution Feeder Main (DFM) would extend from the new Line 207 south and parallel Powerline Road to the Sacramento Metro Air Park development in Sacramento County.

**Project Description:** PG&E is proposing to construct a 30-inch diameter natural gas pipeline (Lines 406 and 407) and a new distribution feeder main from Esparto in Yolo County east to a location near Roseville in Placer County. The Project would also include the construction of six above-ground facilities. The proposed pipeline would provide greater capacity and service reliability to the existing gas transmission and distribution pipeline system in the Sacramento Valley Region and would deliver natural gas directly to an area of anticipated growth.

The 45-day public review period for this DEIR begins April 29, 2009, and ends on June 12, 2009. Due to the time limits mandated by State law, written comments must be **received by 5:00 PM, June 12, 2009.**

You can send your comments by mail, fax, or email. Please send your comments at the earliest possible date to the individual listed below:

Crystal Spurr, Project Manager

**If you would like a hard copy or CD of the Draft EIR mailed to you, please contact Crystal Spurr at the above telephone number or email address.**

**Public Meetings:**

Pursuant to section 15087, Title 14, California Code of Regulations (the State CEQA Guidelines), the CSLC has scheduled four public meetings for receiving oral and written comments on the DEIR at:

LOCATION: Roseville Sports Center / Martha Riley Community Library, 1501 Pleasant Grove Boulevard, Roseville, CA 95747

DATE: June 3, 2009

TIME: 3:00 p.m. and 5:30 p.m. (Meeting Room 1)

LOCATION: St. Luke's Episcopal Church, 515 Second Street, Woodland, CA 95695

DATE: June 4, 2009

TIME: 3:00 p.m. and 5:30 p.m. (Guild Hall)

Anyone interested in this matter is invited to comment on the document by written response and/or by personal appearance at the public meetings.

**Potential Significant Impacts on the Environment:**

The DEIR discusses the potential for significant impacts on the environment in the following subject areas: Biological Resources; Agricultural Resources; Geological Resources; Hazards and Hazardous Materials; Air Quality; Hydrology and Water Quality; Cultural, Historical, and Paleontological Resources; Transportation and Circulation; Aesthetics, Land Use and Planning; Recreation; Population and Housing/Public Services/Utilities and Service Systems; Energy and Mineral Resources; and Noise.

PAUL D. THAYER  
Executive Officer
