DELINQUENT INTEREST ON STATE LANDS.

Suits in foreclosure, instituted because of the non-payment of the annual interest due on State lands, are extremely expensive legal proceedings, and long experience has demonstrated that such suits invariably result in loss rather than benefit to the interest of the State. If the lands are of value, the delinquent interest is always paid, even though it often amounts to as much as the principal. On the other hand, when the lands revert to the State they are found to be of no value whatever, and the State suffers the loss of the expense of the suit in foreclosure.

I would recommend that some action be taken by the next Legislature, amending the present law relative to this matter, and make different provision for the payment of the costs in foreclosure suits, as the present law is unsatisfactory to the State departments having to do with the matter, and to parties in interest who do the work, without knowing whether or not their bills will ever be paid.

This is an important matter, and should receive careful attention from the Legislature.

AN ACT REGULATING THE SALE OF LANDS UNCOVERED BY THE RECESSION OR DRAINAGE OF THE WATERS OF INLAND LAKES, AND UNSEGREGATED SWAMP AND OVERFLOWED LANDS, AND VALIDATING SALES AND SURVEYS HERETOFORE MADE.

[Approved March 24, 1893.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Any person desiring to purchase any of the lands uncovered by the recession or drainage of the waters of inland lakes, and inuring to the State by virtue of her sovereignty, or the swamp and overflowed lands not segregated by the United States, shall make an application therefore to the Surveyor-General of the State, which application shall be accompanied by applicant's affidavit that he is a citizen of the United States or has declared his intention to become such, a resident of this State, of lawful age, that he desires to purchase such lands (describing the same by legal subdivision, or by metes and bounds, if the legal subdivisions are unknown) under the provisions of this Act; that he desires to purchase the same for his own use and benefit, and for the use and benefit of no other person or persons whomsoever, and that he has made no contract or agreement to sell the same, and that he does not own any State lands which, together with that now sought to be purchase, exceeds six hundred and forty acres.

SEC. 2. Upon the filing of said application, when the land has not been sectionized, the Surveyor-General shall authorize the County Surveyor of the county where the whole or the greater portion of the land lies, to survey the same, who shall make an actual survey thereof, at the expense of the applicant, establishing four corners to each quarter section, and connecting the same with a United States survey; and he must, within thirty days, file with the Surveyor-General a copy, under oath, of his field-notes and plat, and a statement, under oath, showing whether or not the land is occupied by any actual settler.

SEC. 3. If the surveyor thus authorized shall fail to make his return to the Surveyor-General within the time specified in the preceding section, the Surveyor-General may designate another person to make said survey.

SEC. 4. No application to purchase land under this Act shall be approved by the Surveyor-General until the expiration of ninety days from the filing thereof in his office, and meanwhile the land shall be subject to the adverse claim of any actual settler who has raised thereon when the said application was filed.

SEC. 5. The swamp and overflowed lands designated in this Act shall be sold and patented at the same price, and on the same terms and manner of payment as at present provided for swamp and overflowed lands. All moneys received for said swamp and overflowed lands shall be paid into the Swamp Land Fund of the county in which the lands are situated, and shall be treated and disposed of in the manner as moneys arising from the sale of segregated swamp and overflowed lands. If any of the lands are suitable for cultivation without reclamation, such lands shall be sold only to actual settlers in tracts not exceeding three hundred and twenty acres. Lands uncovered by the recession or drainage of the waters of inland lakes shall be sold at two dollars and

fifty cents per acre, upon the same terms of payment as for swamp and overflowed land. All moneys derived from the sale of such uncovered lands shall be paid into the School Fund of the county where the land lies.

SEC. 6. Any of the lands designated in this Act which, by reason of periodical overflow, need and are susceptible of reclamation, may be reclaimed by the formation of districts, in the same manner and subject to all of the provisions of law regulating the reclamation of swamp and overflowed lands; *provided*, that the Board of Supervisors of the county in which the lands, or the greater part thereof, are situated, must first determine, upon proper petition presented therefore, by the holders of the title, or evidence of title, representing one half or more of any body of such land, that such reclamation is necessary and feasible.

SEC. 7. When land has been sold under this Act, no contest shall be maintained against the purchaser on the ground that the land is not of the character stated in the application, unless it is shown that it is not of the character recited in section one of this Act.

SEC. 8. All uncanceled certificates of purchase and patents heretofore issued, and payments heretofore made, for any lands as swamp and overflowed lands, which lands belong to any of the classes described in section one of this Act, whether or not such lands were segregated or sectionized, shall, for all purposes, be valid, and shall have the same force and effect as if such lands had been at all times subject to sale as swamp and overflowed lands; *provided, however*, that any and all contests now existing between settlers and holders of certificates of purchase shall not be affected by the provisions of this Act.

SEC. 9. All plats of any of the lands described in section one of this Act, which have been heretofore made under authority of the United States Surveyor-General, and which plats designate the same as swamp and overflowed lands, shall be deemed valid and effectual as surveys of such lands from and after the date thereof.

SEC. 10. This Act shall take effect from and after its passage.

In conformity with this Act, I issued the following circular to County Surveyors:

SURVEYOR-GENERAL'S OFFICE, SACRAMENTO, July 1, 1893.

I ask your careful attention to the provisions of an Act to provide for the sale of certain lands belonging to the State, approved March 24, 1893. And in accordance with the requirements of said Act, I hereby issue the following "Instructions," by which you will be guided in making and reporting to this office all surveys of unsegregated swamp and overflowed and lake lands made by you as County Surveyor:

Read carefully the Act of March 24, 1893, under which you are to make these surveys, particularly that portion which relates to your duties as the surveyor.

You will, so far as possible, make your surveys to conform to the system of the United States surveys, and connect same with, and make them a continuation of, the United States surveys.

You will refuse to make any survey under this Act of unsegregated swamp and overflowed land where the lines of segregation have not been established by the United States.

In making surveys of "lands uncovered by recession or drainage of the waters of inland lakes," you will confine your survey to the land actually uncovered, and under no circumstances extend your survey into the water, or include any land covered by water in your survey.

Mark all corners distinctly, and make them as permanent as circumstances will permit.

All expenses of surveys made under this Act must be paid by the applicant for the land, and to him you must look for your compensation, as under no circumstances will the State pay any part of such expense.

Your plats must be made on the scale of forty (40) chains to one inch, and all courses of the boundary must be given in the field notes to enable this office to test the correctness of your reported area.

All blanks required will be furnished by this office free of charge.

Make prompt returns to this office.

These instructions are not intended to cover in minute detail all matters connected with making these surveys, but we rely upon your ability as a surveyor to make these surveys correctly and to guard the interests of the State, the purchasers being considered abundantly able to guard theirs.

Please acknowledge receipt of this circular of instruction.

Very respectfully,

THEO. REICHERT,
Surveyor-General.

There are no deficiencies in any of the appropriations for this office. The accounts appear of record in the office of the State Controller, and vouchers for all expenditures are on file in his office.

Respectfully submitted.

THEO. REICHERT,
Surveyor-General, and ex-officio Register State Land Office
