

ADDENDUM TO THE FINAL STATEMENT OF REASONS

The Commission has incorporated by reference the Notice of Violation (Rev. 03/2016) and the Statement of Defense (Rev. 03/2016) in this rulemaking. These documents were not included in the regulatory text under 1 CCR §20 because doing so would be cumbersome and impractical. Including the forms in Code of Regulations would nearly double the length of these regulations, making this section of the regulations unnecessarily long and difficult to read. Reproducing the formatting of these forms accurately would be difficult.
