## STAFF REPORT NO. C04 (CONT'D)

improvements in the Public Trust easement which may impair the public uses of access, navigation, fishing and lake-related recreational uses.

### **STAFF ANALYSIS AND RECOMMENDATION:**

#### **Authority:**

Public Resources Code sections 6005, 6216, 6301, 6501.1, 6503, and 6503.5; California Code of Regulations, title 2, sections 2000 and 2003.

#### **Public Trust and State's Best Interests Analysis:**

On June 1, 2009, the Commission authorized a Recreational Pier Lease, Lease No. PRC 7278.9, for the continued use and maintenance of an existing pier, boat lift, and two mooring buoys to Steven A. Burd and Christine L. Burd, Trustees of the Burd Revocable Trust, dated October 31, 2007 ([Item C17, June 1, 2009](#)). The lease expired on November 21, 2018. The Applicant is applying for a General Lease – Recreational Use, for the continued use and maintenance of the existing pier, boat lift, and two mooring buoys.

The Applicant owns the uplands adjoining the lease premises. The subject facilities are privately owned and maintained. The pier and mooring buoys are used for the docking and mooring of boats. Recreational boating is a water-dependent use that is generally consistent with the common law Public Trust Doctrine. The California Legislature has identified private recreational boating facilities as an authorized use of Public Trust land (Pub. Resources Code, § 6503.5).

The pier and mooring buoys have existed for many years at this location. The pier is built on single pilings with the immediate area of the pier surrounded by pebbles and small boulders. The topography and location of upland structures provides access for the pier and public access for pedestrians and lake-related activities at varying water levels underneath the pier. The buoys are located directly lakeward of the upland property and occupy a relatively small area of the lake.

The proposed lease does not alienate the State's fee simple interest, or permanently impair public rights. The lease is limited to a 10-year term and does not grant the lessee exclusive rights to the lease premises and reserves an easement to the public for Public Trust-consistent uses. Upon termination of the lease, the lessee may be required to remove all improvements from State land and restore the lease premises to their original condition.

STAFF REPORT NO. **C04** (CONT'D)

The proposed lease requires the lessee to insure the lease premises and indemnify the State for any liability incurred as a result of the lessee's activities thereon. The lease also requires the payment of annual rent to compensate the people of the State for the occupation of the public land involved.

For all the reasons above, staff believes the issuance of this lease will not substantially interfere with Public Trust needs at this location, at this time, and for the foreseeable term of the proposed lease; and is in the best interests of the State.

**OTHER PERTINENT INFORMATION:**

1. This action is consistent with Strategy 1.1 of the Commission's Strategic Plan to deliver the highest levels of public health and safety in the protection, preservation, and responsible economic use of the lands and resources under the Commission's jurisdiction, and Strategy 1.3 to promote, expand, and enhance appropriate public use and access to land along the State's inland and coastal waterways.
2. On October 24, 2018, the TRPA Governing Board certified a Final Environmental Impact Statement and adopted Lake Tahoe Shorezone Ordinance Amendments.
3. Staff recommends that the Commission find that this activity is exempt from the requirements of the California Environmental Quality Act (CEQA) as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; California Code of Regulations, title 2, section 2905, subdivision (a)(2).

Authority: Public Resources Code section 21084 and California Code of Regulations, title 14, section 15300 and California Code of Regulations, title 2, section 2905.
