Mr. A. P. Ireland of the Sacramento office of the State Lands Commission presented to the Commission a letter from the State Mineralogist as follows:

"If your '5% royalty' is calculated on the net value after the allowable deductions listed, it can be considered a fair figure. Otherwise, I would suggest 10% on the gross value before deductions."

bearing upon bids heretofore received by the Commission from Paul Kraft and Harold Tripp for leases to extract manganese from lands of the State in Stanislaus County.

Upon motion of Mr. Riley, seconded by Mr. Killion, and unanimously carried, a resolution was adopted rejecting said bids of Paul Kraft and Harold Tripp for leases to extract manganese from lands of the State of California described as follows:

Paul Kraft - NE $\frac{1}{4}$  of SW $\frac{1}{4}$  of Section 36, T. 4 S.,  
R. 5 E., M. D. M., and NW $\frac{1}{4}$  of SW $\frac{1}{4}$   
of Section 36, T. 4 S., R. 5 E.,  
M. D. M.,

Harold Tripp - SW $\frac{1}{4}$  of NW $\frac{1}{4}$  of Section 36, T. 4 S.,

of Section 36, T. 4 S., R. 5 E.,

and the Executive Officer was directed to advise said bidders that the Commission would again authorize the publication of notice for bids should the applicants so desire.

The State Lands Commission was informed of a request from one W. A. Leeper, 2095 Genevieve Street, San Bernardino, California, that the hereinafter described lands of the State of California in San Bernardino County be offered for leases to extract tungsten therefrom, and that it appeared from evidence furnished by W. A. Leeper that said lands, or portions thereof, contain tungsten in commercial quantities and should, therefore, be classified as containing commercially valuable mineral deposits, that the Executive Officer thereupon proceeded to give notice of intention of the State Lands Commission to invite bids for leases.

Upon motion of Mr. Riley, seconded by Mr. Killion, and un-animously carried, a resolution was adopted in confirmation of action taken by the Executive Officer, in words and figures as follows, to wit:

STATE LANDS COMMISSION

By Webb Shadle,

That those certain parcels of lands of the State of California situate in the County of San Bernardino, State of California, are more specifically described as follows, to wit:

N $\frac{1}{2}$  of Section 36, T. 14 N. - R. 15 E., S. B. M.

Mr. A. P. Ireland of the Sacramento office of the State Lands Commission presented four bids for leases to extract tungsten from lands of the State of California described as follows:

Mrs. Margie Word

W $\frac{1}{2}$  of NW $\frac{1}{4}$  of Section 36,

T. 14 N., R. 15 E., S. B. M.,

Mrs. Grace Leeper

E $\frac{1}{2}$  of NW $\frac{1}{4}$  of Section 36,

T. 14 N., R. 15 E., S. B. M.,

E $\frac{1}{2}$  of NE $\frac{1}{4}$  of Section 36,

T. 14 N., R. 15 E., S. B. M.,

and requested consent of the Commission to publicly open said bids.

Upon motion of Mr. Riley, seconded by Mr. Killion, and un-animously carried, resolution was adopted authorizing and directing Mr. Ireland to open said bids and to read same to the Commission. Thereupon Mr. Ireland opened said bids and reported to the Commission as follows:

That W. A. Leeper for W $\frac{1}{2}$  of NE $\frac{1}{4}$ .

Mrs. Margie Word for W $\frac{1}{2}$  of NW $\frac{1}{4}$ ,

Mrs. Grace Leeper for E $\frac{1}{2}$  of NW $\frac{1}{4}$ , and

S. A. Leeper for E $\frac{1}{2}$  of NE $\frac{1}{4}$ , of said Section 36,

had each bid royalties as follows:

5% of the gross value on ore analyzing up  
to 1% WO<sub>3</sub>;

10% of the gross value on ore analyzing above  
1% to and including 2% WO<sub>3</sub>;

15% of the gross value on ore analyzing above  
2% WO<sub>3</sub>.

A letter from the State Mineralogist was read to the Commission as follows:

"Answering your question in our verbal conference of today concerning a fair royalty on low-grade tungsten ore on state land which you desire to lease in eastern San Bernardino County, I would suggest some such a graded schedule as the following:

5% of gross value on ore analyzing up to 1% WO<sub>3</sub>.  
10% of gross value on ore analyzing from 1% to 2% WO<sub>3</sub>.  
15% of gross value on ore analyzing above 2% WO<sub>3</sub>.

Upon motion of Mr. Riley, seconded by Mr. Killion, and unanimously carried, a resolution was adopted awarding leases to the bidders and at the royalties hereinbefore mentioned, and in accordance with the "State Lands Act of 1938" and rules and regulations of the Commission, and the Executive Officer was directed to execute said leases in the name of the State of California upon behalf of the State Lands Commission and to do such other things as are required to consummate said transactions.

Mr. L. J. Brunel, Vice President-General Manager of the Bishop Oil Company, and H. C. Maginn, General Manager of the Calaveras Cement Company, requested permission to present an offer to the State Lands Commission upon behalf of the Calaveras Cement Company for gas pipe line easement over navigable streams of the State for the purpose of transporting gas from the Rio Vista Gas Field to San Andreas, the site of the plant of the Calaveras Cement Company. According to these applicants, in this offer the State Lands Commission would receive 6% of all the gas transported through such pipe lines which would be in addition to 12½% royalty heretofore agreed to be paid to the Reclamation Board. The Commission requested that Mr. Brunel and Mr. Maginn present the offer in the form of a memorandum in order that it might be considered by the Commission.

There being no further business to come before the Commission, the meeting was adjourned.
