REQUEST FOR APPROVAL OF EXPENDITURES OF
TIDELAND FUNDS BY THE CITY OF LOS ANGELES
PURSUANT TO CHAPTER 1046, STATUTES OF 1970

Chapter 1046, Statutes of 1970, provides in Section 5, in part, that a report of intended expenditure of tideland revenues for any single capital improvement on the granted lands in an amount exceeding \$250,000 shall be filed with the State Lands Commission. The Commission has 90 days to determine and notify the city if it finds that such capital improvement is not in the State-wide interest and benefit, or is not authorized by the granting statute.

On May 27, 1971, the Commission made a finding that the expenditure of \$2.8 million in tideland funds for purposes of Phases II and III of the Capital Beach Improvement Program of the city was consistent with the trusts of commerce, navigation and fisheries. Included in the program was \$580,000 for a new marine museum building at Cabrillo Beach. The city has now filed a detailed description of a proposed additional expenditure of \$200,000 for exhibits to be placed in the new museum building. Report of General Manager, Department of Parks and Recreation, No. 992, dated June 15, 1972, contains information on the exhibits concept. A total of \$1 million will be needed for exhibits and other support activities of which the \$200,000 will be the initial funding. Additional funds will be obtained from federal and foundation grants and from private subscription.

IT IS RECOMMENDED THAT THE COMMISSION FIND THAT THE EXPENDITURE OF \$200,000 IN TIDELANDS FUNDS BY THE CITY OF LOS ANGELES FOR EXHIBITS AT THE CABRILLO BEACH MARINE MUSEUM IS CONSISTENT WITH THE TRUSTS OF COMMERCE, NAVIGATION AND FISHERIES; IS IN THE STATE-WIDE INTEREST AND BENEFIT; AND IS PURSUANT TO THE PROVISIONS OF CHAPTER 651, STATUTES OF 1929, AS AMENDED BY CHAPTER 1046, STATUTES OF 1970.
