STATUS OF MAJOR LITIGATION

As of August 31, 1975, there were 267 litigation projects involving the Commission, up 5 from last month.

1. Pariani v. State of California W 503.737
San Francisco Superior Court Case No. 657291

(Plaintiff seeks to quiet title to three parcels of land in Sonoma and Lake Counties. State patented said land into private ownership in 1953, reserving all mineral rights. Plaintiff now seeks to determine whether geothermal energy was reserved to the State under the 1973 patent.)

A trial date has been set for November 24, 1975.

2. Union Oil Company of California V. Houston I. W 503.747
Flournoy, et al.
U. S. District Court, Central District

(An action by Union Oil Company to prevent the State from selling royalty oil.)

Under State Oil and Gas Lease PRC 3033 entered into with Union Oil Company, the Commission had the right to receive royalty payments in kind. At its July 1973 meeting, the Commission announced its intention to receive bids for this royalty oil and for royalty oil for other Orange and Los Angeles County leases. Bids were subsequently received for this royalty oil. The contract for the purpose of this oil was to be awarded at the October 25, 1973, Commission meeting, but this award was prevented by Union's filing and obtaining on October 4, 1974, an order to show cause and temporary restraining order. Union alleged that the sale was in violation of the Federal Government "Phase IV" price controls and was hence illegal. On November 5, 1973, the preliminary injunction obtained by Union was denied and the temporary restraining order was dissolved. On November 29, 1973, the Commission awarded the contract to purchase the oil. That same day, Plaintiff applied for another restraining order to prevent the sale, which order was denied. Plaintiff's second application for preliminary injunction was heard and denied on June 3, 1974, at which time Union indicated they would hold the case in abeyance pending the outcome of People v. Simon.

Flournoy, et al.
U. S. District Court, Central District
(CONTINUED)

A pretrial hearing was set for December 9, but upon Union's motion, the hearing was postponed. Union now indicates that they will file a motion for summary judgment, but to date no motion has been filed.

3. State of California v. County of San Mateo, W 1839.38
et al. W 6987
San Mateo Superior Court Case No. 144257

Suit seeking Declaratory Judgment to protect the public property rights in land covered by the open waters of South San Francisco Bay westerly of the deep draught ship channel, the area of which has been substantially increased with the filing of a cross-complaint by Westbay Community Associates to be an approximate 10,000 acres and 21 miles of shoreline including most of the westerly portion of the Bay between the San Francisco International Airport and the southerly San Mateo County line. Titles to other adjacent substantial areas of salt ponds have been brought into the case by Leslie Salt Company. Pretrial and discovery proceedings are now in progress, with factual investigation, relating to substantial and complex issues, continuing.

The parties have been participating in settlement negotiations but have not yet arrived at any compromise which could be recommended to the Commission.

4. People v. Jonathan Club, et al. W 503.773
Los Angeles Superior Court No. 35486

(Complaint to quiet title 4.5 acres of artificially filled tidelands in the City of Santa Monica.)

In 1921, the Legislature granted tidelands to the City of Santa Monica. Since that time, the area granted has been artificially filled, resulting in an additional 4.5 acre of beach. Plaintiffs-- the City of Santa Monica, the Department of Parks and Recreation, and the State Lands Commission-- contend that this artificially filled area is State owned. Defendant's demurrer to the State's complaint was overruled. The parties will not proceed with pretrial procedures.

5. Cory v. State W 503.780
Sacramento Superior Court Case No. 252295

(Complaint to vacate the approval of PRC 4977 offshore El Capitan, Santa Barbara County.)

On December 9, 1974, the State Lands Commission authorized the issuance of a lease to Exxon Corporation and Exxon Pipeline Company. In so doing, the Commission adopted an environmental statement prepared pursuant to the National Environmental Policy Act. The Complaint alleges that the project, as approved by the Commission, differs significantly from the project as described in the environmental statement and that the Commission's approval was an abuse of discretion. Plaintiff, now represented by the Office of the Attorney General, asks that the approval of the lease be set aside.

A trial was held on September 8, 1975. By agreement, Mr. Cory, as a private party, dismissed his petition for mandate. The issue tried and currently under submission dealt with the legality of the State terminating the lease.
