APPROVAL OF PROJECT ON THE MUNICIPAL WHARF
AT SANTA CRUZ

The State Lands Commission is required by Chapter 1291, Statutes of 1969, to approve "any plan for development involving filling, dredging or other improvements...90 days prior to commencement of work thereon" occurring within the tide and submerged lands granted to the City of Santa Cruz. The City of Santa Cruz has applied to the Commission for such approval for enlargements and certain improvements to the Municipal Wharf. The purpose of Commission review is stated in Subsection (a) of the granting statute, as follows: "to insure that the provisions of Chapter 1642, Statutes of 1967, are being carried out and that any developments by local agencies pursuant to legislative grants or otherwise will be in accord with policies and plans included in the California Comprehensive Ocean Area Plan." The staff has reviewed the proposed work and finds it to be within the policies and plans included in that plan.

IT IS RECOMMENDED THAT THE COMMISSION:

1. FIND THAT THE PROPOSED WORK TO BE WITHIN THE POLICIES AND PLANS IN THE CALIFORNIA COMPREHENSIVE OCEAN AREA PLAN.
2. FIND THAT THE ENLARGEMENT AND IMPROVEMENT OF THE MUNICIPAL WHARF OF THE CITY OF SANTA CRUZ IS CONSISTENT WITH THE TERMS OF ITS GRANT OF TIDE AND SUBMERGED LANDS, PURSUANT TO CHAPTER 1291, STATUTES OF 1969.
3. APPROVE SAID PROJECT.
