PROPOSED CONTRACT

Aerial photographic services will be needed by the State Lands Division to complete the work required by Chapter 706, Statutes of 1975, (Tidelands Inventory). A contract with the California Department of Transportation in the amount of \$20,000 is proposed for the necessary services. The services would include, but not be limited to, the following items: furnishing aerial photography of selected sites; compilation and analytical measurements of the aerial photography; and ordering and re-producing aerial photography from private and other public agencies. These services are necessary to determine the chronology and types of changes (natural, artificial) along the coastline that will affect the identification and location of the State's ungranted tide and submerged lands.

IT IS RECOMMENDED THAT THE COMMISSION AUTHORIZE A CONTRACT WITH CALIFORNIA DEPARTMENT OF TRANSPORTATION, NOT TO EXCEED \$20,000, FOR PROVISION OF AERIAL PHOTOGRAPHY AND PHOTOGRAMMETRY SERVICES.
