22. REQUEST FOR APPROVAL OF EXPENDITURES OF TIDELANDS FUNDS  
BY THE CITY OF LOS ANGELES, PURSUANT TO CHAPTER 1046, STATUTES  
OF 1970 - G05-04.

During consideration of Calendar Item 22, attached, Acting Chairman Roy Bell asked if this was within the definition of trust expenditures. Mr. William F. Northrop, Executive Officer, replied that it was. Commission-alternate Richard Thomson then stated it was his understanding the Commission was not voting on the inherent merit of these projects, but merely that they are within the definition of the trust. Mr. Northrop said that was correct. He explained the Commission's jurisdiction is limited to whether or not the expenditure of the money is within the terms of the trust. Acting Chairman Bell asked if there was a ceiling on the amount of money to be expended or will it cost the Commission more later. Mr. N. Gregory Taylor, Assistant Attorney General, said that this amount is all the Commission is being asked to approve at this time. Mr. James F. Trout, Manager, Land Operations, clarified it is not State money; it is money the City received from its grant. Chairman Bell then asked for a motion. It was approved without objection.

Upon motion duly made and carried, Calendar Item 22, was approved as presented by a vote of 2-0.

REQUEST FOR APPROVAL OF EXPENDITURES OF  
TIDELANDS FUNDS BY THE CITY OF LOS ANGELES  
PURSUANT TO CHAPTER 1046, STATUTES OF 1970

TRUSTEE: City of Los Angeles  
Department of Recreation and Parks  
200 N. Main Street, 13th Floor  
Los Angeles, California 90012

BACKGROUND: Chapter 1046, Statutes of 1970, provide in Section 5, in part, that a report of intended expenditure of tidelands revenues for any single capital improvement on the granted lands in an amount exceeding \$250,000 shall be filed with the State Lands Commission. In practice, approval is required whenever tidelands oil monies are used to establish a new project with a budget in excess of \$250,000, or used to supplement a previously approved project, increasing total funding to an amount exceeding \$250,000.

PURPOSE: To consider the request from the City of Los Angeles, dated May 4, 1976, for expenditures of tidelands oil funds in the amount of \$1,860,000 to be used toward the establishment of the Cabrillo Marine Museum and John S. Gibson, Jr. Park.

FINDINGS: On May 27, 1971, the Commission made a finding that the expenditure of \$2.8 million in tideland funds for purposes of Phases II and III of the Capital Beach Improvement Program of the city was consistent with the trusts for commerce, navigation and fisheries. Included in the program was \$580,000 for a new marine museum building at Cabrillo Beach.

On June 25, 1972, the Commission approved an additional expenditure of \$200,000 for exhibits at the Cabrillo Beach Marine Museum.

On March 30, 1972, the Commission approved a calendar item regarding a modification of a previously approved tramway project, changed to a bikeway-walkway. Approval of Minute Item 13 of July 26, 1972, included additional modifications.

PARK PROGRAMS, AS DESCRIBED IN REPORT NO. 76-547 AND APPROVED BY THE LOS ANGELES CITY COUNCIL, APRIL 15, 1976, IS CONSISTENT WITH THE TIDELANDS TRUST AND THE PROVISIONS OF CHAPTER 651, STATUTES OF 1929, AS AMENDED BY CHAPTER 1046, STATUTES OF 1970.
