ACCEPTANCE OF QUIETCLAIM - CITY OF MARTINEZ

LOCATION: Tide and submerged lands that are in or adjacent to the Carquinos Strait in Contra Costa County.

BACKGROUND: Chapter 37, Statutes of 1951, and Chapter 442, Statutes of 1929, granted tide and submerged lands, both filled and unfilled, to the City of Martinez. The City also acquired interests in tide and submerged lands by purchase. In 1963, and 1964, certain lands on the Martinez waterfront were encumbered under agreements between the City and the State of California for a marina and related development.

In April, 1976, following a two-year study, the City and East Bay Regional Park District adopted a Martinez Waterfront Use Plan. The plan, which was coordinated with proposals for the Martinez Marina Development, called for utilizing various attributes of the area for park and recreational uses, nature study, preservation of wetlands, and restoration of marshes.

In order to facilitate implementation of the plan, the Legislature enacted Chapter 815, Statutes of 1976, which repealed the existing legislative grants to the City. It granted in trust tide and submerged lands to East Bay Regional Park District and regranted other described lands to the City. All lands were to be used and developed in accord with the Martinez Waterfront Use Plan.

The statute provided that the lands granted to East Bay Regional Park District be released from encumbrances of the City/State agreements and lease while assuring that lands of the City remain encumbered as necessary to meet existing obligations. The statute requires the City to quietclaim any interest it may have to all previously granted tidelands in the area granted to East Bay Regional Park District, as well as in other areas, before the statute becomes effective.
