APPROVAL OF INTERIM MANAGEMENT
AGREEMENT WITH SANTA CATALINA ISLAND COMPANY

BACKGROUND:

On October 27, 1966, the State Lands Commission authorized Lease PRC 3639.1 to Santa Catalina Island Company for a term of 15 years with no option to renew. The commercial lease has an annual rental of \$19,217.86 and covers 29 parcels totalling approximately 357 acres. The leased area is used for commercial and recreational mooring and existing pier facilities. The Santa Catalina Island Company has the right to install and sublet buoys and moorings without further consent of the State. There is a provision for surety bond in the amount of \$10,000. The existing lease will expire on October 26, 1981.

CURRENT SITUATION:

The staff is currently studying various management alternatives for the State tidelands and submerged lands around Santa Catalina Island. For administrative purposes, it is felt to be in the best interests of the State to start a new lease at the beginning of the next calendar year, January 1, 1982.

For interim management of the State land from October 27, 1981 through December 31, 1981, it is recommended that the State enter into an agreement with the Santa Catalina Island Company to continue operating under the terms of existing Lease PRC 3639.1 except that total rental for such period shall be \$3474.90.
