LETTER OF PERMISSION/CALIFORNIA FISH GROWERS, INC.

California Fish Growers, Inc., was granted permission to perform a geological investigation of the sand spit located at the mouth of the Estero Americano between Sonoma and Marin counties.

The investigation is being conducted to ascertain the suitability of installing a series of wells into the sand spit to pump seawater to a proposed fish farm operation on the adjacent property.

Emergency permission was requested, because a study crew with equipment was waiting to proceed with the tests, consisting of a series of borings in the sand.

If the project proves feasible, the potential lessee will file the necessary forms to secure a formal lease for the use of State-owned lands.
