SACRAMENTO RIVER MORATORIUM

There was no item before the Commission. However, Mr. Kip Skidmore, representing Riverbank Holding Company, and Mr. Scott Kemper, representing Sacramento Valley Marina Association, appeared to ask when the Commission would take action on the moratorium. Staff indicated that June would be the earliest time in which the Commission will be prepared to take action.

Acting Chairwoman Ordway requested that staff provide the Commission with a status report at the May 28 Commission meeting.
