OTHER PERTINENT INFORMATION:

1. Mineral prospecting permits PRC 6892.2 and PRC 6893.2 were approved for issuance to Jean E. Clary and Robert L. Ansara by the Commission on September 26, 1985, effective October 1, 1985.

The Permittees were authorized to prospect by performing geologic mapping and rock chip sampling. Work to date has delineated areas of mineralization which warrant further prospecting. The Permittees are hopeful that further mapping and sampling will provide target areas that may warrant future drilling to better evaluate the economic mineral potential of this State school land parcel.

2. After reviewing the request for extension of the permits, staff believes there are no circumstances surrounding the project nor changes in the environment or the project that indicate the proposed action will have a significant effect on the environment.
3. The primary term of a prospecting permit is two years. The Commission may, in its discretion, extend the term for one additional year.
4. The extension is in the best interest of the State.

ENVIRONMENTAL INFORMATION:

1. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (14 Cal. Adm. Code 15061), the staff has again determined that this activity is exempt from the requirements of CEQA as a categorically exempt project. The project is exempt under Class 6, Information Collection, 2 Cal. Adm. Code 2905(e)(3).

2. Pursuant to P.R.C. Section 6895, upon establishing to the satisfaction of the Commission that commercially valuable deposits of minerals have been discovered within each permit area, the Permittee would have a preferential right to leases for a maximum of 360.25 acres embraced within the permits. Said right shall be subject to all necessary environmental approvals. The permits will not affect the discretion of the Commission in granting or denying such environmental approvals.

EXHIBITS:

- A. Land Description.
- B. Site Map.

IT IS RECOMMENDED THAT THE COMMISSION:

1. FIND THAT THIS ACTIVITY IS EXEMPT FROM THE REQUIREMENTS OF CEQA PURSUANT TO 14 CAL. ADM. CODE 15061 AS A CATEGORICAL EXEMPT PROJECT, CLASS 6, INFORMATION COLLECTION, 2 CAL. ADM. CODE 2905.
