APPROVAL OF CONTRACT
FOR TREE PLANTING ON FIRE BREAKS

APPLICANT: State Lands Commission
1807 - 13th Street
Sacramento, California 95814

During the period of September 24 to October 6, 1987, the
Lauder fire burned approximately 700 acres of forest land on
the High Peak Parcel. Fire breaks 100 feet to 300 feet in
width with an estimated total length of 3.3 miles were
constructed across portions of Sections 16, 21 and 22, T18N,
R11W, MDM, Mendocino County and a portion of Section 15, T18N,
R11W, MDM, in Lake County. An estimated area of 80 acres is
contained in the fire breaks and 31 acres in two adjoining,
severely burned areas, for a total of 111 acres.

The fire break construction exposed bare mineral soil. The
time for tree planting is appropriate in March and April for
seedling establishment before other vegetation invades the fire
breaks and creates severe competition for space and nutrients.
A total of 48,500 conifer seedlings, consisting of 13,500
Ponderosa Pine and 35,000 Douglas Fir are proposed for planting
on the 111 acres. Authorization will be sought in a subsequent
Calendar Item to contract timber salvage, site preparation,
road maintenance and tree planting on the remaining 600 acres
burned in the fire.
