CONSIDERATION OF BOUNDARIES AND
PROPOSAL TO ANNEX TIDE AND SUBMERGED LANDS
INTO THE CITY OF STOCKTON, SAN JOAQUIN COUNTY

APPLICANT: City of Stockton
Office of the City Manager
Stockton, California 95202-1977

The State Lands Commission has received a request from the City of Stockton to review and approve the boundaries for the Spanos Park Annexation Proposal (A-88-6).

The area proposed for annexation includes approximately 1,354 acres of land, more or less, and includes a one-mile stretch of Interstate 5, a two-mile stretch of the Pixley Slough, and a 1.5 mile stretch of the northern half of Bear Creek and a small portion of Disappointment Slough.

The general location of the subject area lies east of Disappointment Slough, south of Eight-Mile Road, and north of the present city boundaries of Stockton. It consists primarily of farm land, but is planned for a 7,460-unit residential development. Any development involving tide or submerged lands under the jurisdiction of the Commission within either Pixley Slough, Bear Creek, or Disappointment Slough, will require a permit from the State Lands Commission. This would include any dredging, filling, placement of utilities or structures, or any other similar activities.

Pursuant to Government Code Section 56108(c) and (d), the Commission is to review and approve or deny the proposed annexation boundaries as appropriate and correct.

CALENDAR ITEM NO. 62 (CONT'D)

Pursuant to Government Code Section 56108(a), the Commission must consent before land under its jurisdiction can be annexed.

The staff of the Commission has reviewed the proposed annexation boundary description and finds it adequate pursuant to Section 56108(c) and (d). Furthermore, the staff has no objection to transfer of local political jurisdiction from the County of San Joaquin to the City of Stockton pursuant to Section 56108(a).
