AMEND NOTICE OF PROPOSED USE OF
STATE LANDS IN MONTEZUMA SLOUGH, SOLANO COUNTY

APPLICANT: Department of Water Resources
1416 Ninth Street
Sacramento, California 95814

BACKGROUND:

On September 26, 1979, the State Lands Commission approved a Memorandum of Understanding, effective October 19, 1979, between the Department of Water Resources and State Lands Commission. It provides for use of State lands for either the Central Valley Project or the State Water Resources Development System. Under the Memorandum of Understanding, the Department of Water Resources provides State Lands Commission with a "Notice of Proposed Use of State Lands".

Based on the Memorandum of Understanding, the Commission approved a "Notice of Proposed Use of State Lands", November 21, 1985, Item 27, authorizing a construction of a control structure facility in tide and submerged lands of Montezuma Slough, Solano County, consisting of three radial gates, a concrete boat lock, a flashboard structure, and appurtenant recreational structures.

CURRENT SITUATION:

During the first season of operation of the facilities, boaters

CALENDAR ITEM NO C 39 CONT'D

experienced difficulties exiting and entering the boat lock, particularly in high wind situations. The following improvements are proposed:

1. Lengthen northern approach to boat lock - involves 2,500+ cubic yards of excavation.
2. Install fender system at both ends of the lock
3. Rebuild set back levee.

The above modifications were not provided for in the original "Notice of Proposed Use of State Lands", thereby necessitating this amendment.

Staff has reviewed the project and determined that no restrictions or limitations are needed from the State Lands Commission. An Environmental Impact Report was prepared for the total project by Department of Water Resources and a Notice of Determination was filed on April 11, 1984. An Addendum was completed on July 1, 1985 to cover minor project changes.

In accordance with the Memorandum of Understanding, staff will acknowledge the "Amended Notice of Proposed Use of State Lands".
