APPROVE AMENDMENT TO AGREEMENT OF UNDERSTANDING
FOR STATE OIL AND GAS LEASE PRC 7283, SUTTER COUNTY

LESSEE: Capitol Oil Corporation
Attention: Mr. Paul W. Mason
1545 River Park Drive, Suite #501
Sacramento, CA 95815

SUMMARY:

On February 6, 1989, the Commission authorized issuance to Capitol Oil Corporation State Oil and Gas Lease PRC 7283. State Oil and Gas Lease 7283 is a negotiated subsurface (no surface use) lease on about 128 acres of Department of Fish and Game land located within the Tisdale By-Pass in Sutter County, California.

On August 30, 1989, the Commission consented to the pooling of 64.37 acres of State Oil and Gas Lease PRC 7283 lands with State Reclamation Board and private leased lands held by Capitol to form a 305.37-acre operating unit to explore for and produce natural gas. The Commission also authorized approval of the "Agreement of Understanding for State Oil and Gas Lease PRC 7283" (AOU) which describes the terms and conditions by which the pooled lands will be developed.

The unit has not yet been declared by Capitol. Capitol's geologists have re-evaluated the property and determined that a different unit configuration would better conform with the underlying geologic structure. Therefore, Capitol has requested Commission approval of the revised unit.

Staff has reviewed Capitol's request and has concluded that the proposed unit configuration, which effectively reduces the size of the unit from 305.37 acres to 303.27 acres, while the State's participation will remain at 64.37 acres, will increase the

State's percentage of the unit from 21.08 percent to 21.225 percent

Staff recommends that Exhibit "A" to the Agreement of Understanding (unit property description) be changed to the revised Frazier's Landing Unit, with all other conditions of the Agreement of Understanding and its amendment to remain in full force and effect.
