BOUNDARY LINE AND COMPROMISE TITLE SETTLEMENT AGREEMENT

APPLICANT:

Tamarack Lagoon Corporation
Gary Niles
P. O. Box 711265
Santee, California 92072-1265

AREA, TYPE LAND AND LOCATION:

Establish a fixed boundary between private upland and State sovereign lands along a portion of the Colorado River. Provide a parking area and access way from a public road to the agreed boundary. All parcels are located in Imperial County.

LAND USE:

Settlement of disputed boundary and provision of public access.

BACKGROUND:

This is a portion of the Colorado River where the boundary on nearby parcels was established and fixed between the State and the Federal Government through a Court Special Master. The portions of the upland adjoining the river at this location are in private ownership and the boundary was described in the Special Masters proceeding but the private parties were not covered by the action. We have entered into a prior boundary settlement with an adjoining owner using the Special Masters line.

CURRENT SITUATION:

The private parties have asked that the Commission enter into a boundary settlement with them along the previously established and adjudicated boundary line. The private parties have offered to provide a parking area and a pedestrian access way from the nearest public road to the river because the upland in this area has improvements that are located along the proposed boundary

line. This settlement will provide access for the public to an area along the open waters of the river that is not currently served by access.

APPLICANT STATUS:

Applicant is owner of upland.
