**CONSIDER APPROVAL OF AN AMENDMENT
TO OIL AND GAS AGREEMENT FOR EASEMENT 415.1
CONTRA COSTA, SACRAMENTO, SAN JOAQUIN,
AND SOLANO COUNTIES**

LESSEE:

Vintage Petroleum, Inc.
Attn.: Ms. Carole S. Kelley
4200 One Williams Center
Tulsa, OK 74172-0153

AREA, LAND TYPE, AND LOCATION:

Agreement for Easement 415.1 encompasses portions of the beds of the Sacramento, San Joaquin, Mokelumne, Old and False Rivers and tide and submerged lands and other navigable waterways within the area described by Agreement for Easement 415.1 dated June 3, 1940.

BACKGROUND:

An Agreement for Easement 415.1, covering approximately 2,827 acres of sovereign land of the State in the Rio Vista Gas Field, Contra Costa, Sacramento, San Joaquin and Solano Counties, was issued, pursuant to competitive public bidding, for a term of 20 years on June 3, 1940, to the Standard Oil Company of California, now Chevron U.S.A., Inc. On June 19, 1998, the California State Lands Commission approved the assignment of Chevron's U.S.A. Inc.'s 100 percent interest in Easement E-415.1, to Vintage Petroleum, Inc. (Vintage).

By letter dated March 22, 1999, Vintage requested that the Commission amend Paragraph 2(d) of the Agreement E-415.1 to change the royalty due date from the 25th day of the month following production to the 5th day of the second month following production. The purpose of this change is to provide Vintage

adequate time in which to pay the royalty, because Vintage (Unit Operator) does not receive all of the unit's sales records until the last week of the month following production. Without the amendment, Vintage cannot make an accurate royalty payment on time.

Commission staff recommends that Paragraph 2(d) of Agreement E-415.1 be amended to change the royalty due date from the 25th day of the month following production to the 5th day of the second month following production, effective the first day of the month following Commission approval.
