Rehabilitation Project.

CALENDAR ITEM NO. **C48** (CONT'D)

2. As a result of the widening of La Costa Avenue by the City of Carlsbad, it became necessary for Lessee to relocate an access road and pump station improvements associated with the Saxony Sewage Pump Station. The Commission authorized the issuance of a Public Agency Lease to the Lessee (Lease No. PRC 8053.9) at its meeting on December 16, 1998, for a paved truck turnaround and pump station improvements. The Lessee has now submitted an application requesting that this lease be amended to include an additional area needed for an access road. The 12-foot wide access road was included as part of the original project description for the Saxony Pump Station Rehabilitation Project, for which a Mitigated Negative Declaration was adopted by the Lessee on July 15, 1998. The Commission adopted the Mitigation Monitoring Program at its meeting on December 16, 1998. However, due to an oversight the area was not included in Lease No. PRC 8053.9.
3. The access road will be constructed on sovereign public trust lands quitclaimed to the State by Pacific Rim Land Associates Limited Partnership in 1988, pursuant to a title settlement agreement AD 75. The Commission accepted the property subject to an existing easement to the San Diego Gas & Electric Company (SDG&E) for its utility facilities. As part of the Saxony Pump Station Improvement Project, SDG&E has now relocated its utility facilities to the south side of La Costa Avenue and no longer needs the easement. Pursuant to Calendar Item C46, staff is requesting that the Commission authorize the acceptance of a Quitclaim of Easement from SDG&E.
4. The access road will be located on sovereign public trust lands that are part of a lease to the California Department of Fish and Game (DFG) for management as part of the Batiquitos Lagoon Ecological Reserve (Lease No. PRC 7242.9). Commission staff has consulted with DFG staff and believes that this amendment will not be inconsistent or incompatible with DFG's operations under Lease No. PRC 7242.9.
5. A Mitigated Negative Declaration and a Mitigation Monitoring Program were prepared and adopted for this project by the Leucadia County Water District. The Commission's staff has reviewed such documents.

CALENDAR ITEM NO. **C48** (CONT'D)

6. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
