Applicants further acknowledge that they shall not place signs or advocate in any other manner in such a way as to prevent or discourage public use of the Public Access Easement.

**OTHER PERTINENT INFORMATION:**

1. Applicants own the upland adjoining the lease premises.
2. The State of California had its fee ownership of the sovereign land located in the Colorado River at this location confirmed in 1991 as a result of a Boundary Line Agreement and Compromise Settlement entered into between the Commission and Kahala Needles Partners, Ltd., a Nevada Limited Partnership, recorded as AD 134 dated January 1, 1991, and recorded on August 11, 1992, document No. 92-333250, Official Records, San Bernardino County, California. Projects, including new development or maintenance of existing facilities, extending waterward of the Ordinary High Water Mark (OHWM) fixed in the above-mentioned Agreement (AD 134) require a lease from the Commission pursuant to Public Resources Code section 6501.1. The Applicants' upland property is located along the Colorado River adjacent to the fixed OHWM.
3. Pursuant to the above-mentioned Boundary Line Agreement and Compromise Settlement, the State of California was granted a perpetual public pedestrian access easement running parallel to the fixed OHWM. The easement is intended to provide public access to and along the bank of the Colorado River. The easement affects lots 1-40 of the Rio Buena Vista residential subdivision, one of which is the Applicants' property. Public access to the easement is from the northern or southern end of the subdivision, or from the Colorado River.
4. The United States Department of the Interior, Bureau of Reclamation (Reclamation), Yuma Area Office conducted a review by boat of the riprap bankline on March 27, 2002, and also conducted a site visit on April 10, 2002. The inspection revealed that the bankline had been cleared of vegetation and that the federally applied riprap and federally constructed jetties were undisturbed and in good condition. By letter dated April 23, 2002, Reclamation acknowledged their capacity to apply additional riprap to the bankline location in the future was compromised due to the pending development of the upland residences and subsequently declared that Reclamation would not provide additional riprap to the bankline location in the future. Consequently, Reclamation decreed that the upland homeowner (Applicants) would be responsible for maintaining protection

of their own banklines in the future, subject to the homeowners seeking approval and permitting of their riprap or bankline construction work from the United States Army Corps of Engineers under Section 10 of the Rivers and Harbors Act of 1899.

5. The riprap bankline mutually benefits both the public and the Applicants, and will be maintained by the Applicants at no cost to the public.
  
6. On February 22, 2013, the Commission authorized issuance of a General Lease – Recreational and Protective Structure Use to Michael Shutt and Christine D. Shutt, as Trustees, or any successor Trustee, under that certain declaration of trust named Michael Shutt and Christine D. Shutt Family Trust, created by Michael Shutt and Christine D. Shutt, as Trustors, dated September 8, 2006, for a term of 10 years, for use and maintenance of existing concrete stairs with railing and appurtenances, rock walls, concrete patios, and riprap bankline. Following the authorization, staff became aware of inconsistencies between the exhibit maps attached to the lease and the memorandum of lease executed and notarized by the Applicant and the exhibit maps accompanying Calendar Item C69. Staff recommends rescission and issuance of a new General – Recreational and Protective Structure Use which includes the correct exhibits.
  
7. **Rescission of Approval of PRC 9039.9, General Lease – Recreational and Protective Structure Use:** The Staff recommends that the Commission find that the subject rescission of approval does not have a potential for resulting in either a direct or a reasonably foreseeable indirect physical change in the environment, and is therefore, not a project in accordance with the California Environmental Quality Act (CEQA).

Authority: Public Resources Code section 21065 and California Code of Regulations, Title 14, sections 15060, subdivision (c)(3), and 15378.
