CONSIDER APPROVAL OF CITY OF NEWPORT BEACH PROPOSED LEASE
PURSUANT TO CHAPTER 728, STATUTES OF 1994
(BALBOA BAY CLUB PROPERTY)

APPLICANT:
City of Newport Beach
3300 Newport Boulevard
PO Box 1768
Newport Beach, CA 92658

The City of Newport Beach (City) is trustee of sovereign tide and submerged lands granted to it by the Legislature pursuant to Chapter 74, Statutes of 1978, as amended (statutory trust grant).

BACKGROUND:
Pursuant to Chapter 74, Statutes of 1978 (Chapter 74), the Legislature re-granted in trust to the City all tide and submerged lands, whether filled or unfilled, bordering upon or under the Pacific Ocean or Newport Bay, that were within the corporate limits of the city on July 25, 1919. In the 1920’s, certain tide and submerged lands in Beacon Bay were filled and reclaimed as part of the development of the harbor in lower Newport Bay. Chapter 74 recognized that these lands had been filled and were being used for purposes inconsistent with the public trust doctrine. Chapter 74 refers to these parcels as Parcel A, B, and C and authorized the non-conforming use, subject to certain specified conditions. In addition to the filled tide and submerged lands identified in Chapter 74, another parcel (hereafter referred to as Parcel D) had been filled and reclaimed as part of the harbor development and was also being used for purposes inconsistent with the public trust – an apartment building. However, Chapter 74 did not specifically authorize the continuing use of Parcel D for residential purposes.

In 1948, Parcel D and adjacent property were leased by the City to private parties for 50 years. The Balboa Bay Club (BBC) is the successor to this lease and has developed the property as a private club, marina, and residential apartment complex (the Terrace Apartments), located on Parcel D. When the lease was originally signed, the legal character of Parcel D and the adjoining lands had not been resolved. In 1952, a judicial determination involving the City of Newport Beach, County of Orange and State of
California confirmed that the BBC lease site and certain adjoining lands were in fact tide and submerged lands.

In 1986, the City of Newport Beach and the BBC entered into a new lease for twenty-five years, requiring that the use of Parcel D conform to public trust purposes as of December 31, 1998, in the absence of legislation, a judicial determination, or an agreement with the State Lands Commission (Commission).

Pursuant to Chapter 728, Statutes of 1994, the Legislature allowed the non-conforming residential use of Parcel D to continue for the duration of its useful life but in no event to extend beyond December 31, 2044. On October 25, 2000, the City of Newport Beach and the BBC entered into a new lease for 50 years, which included the private club, marina, residential apartment complex, public hotel, and a requirement to develop a redevelopment plan to open a majority of the site to the public.

The City and the BBC would like to terminate the current lease and enter into a new lease that includes Parcel D for the maximum term of 50 years, pursuant to Chapter 74, Statutes of 1978. The maximum term of 50 years will not apply to the non-conforming residential use of Parcel D, which must terminate by December 31, 2044. As provided in Chapter 728, the City has requested the Commission approve the form of the lease and consideration of the new Amended and Restated Ground Lease.

**STAFF ANALYSIS:**

In Chapter 728, Statutes of 1994 (Chapter 728), the Legislature acknowledged the non-conforming residential use of Parcel D and authorized the continuance of the non-conforming residential use as a residential apartment until no later than December 31, 2044, subject to certain restrictions. Section (8)(c) of Chapter 728 states that the Commission must determine that any continuation of the nonconforming use for an additional period of time is in the best interest of the public and in furtherance of public trust purposes. If such a finding is made by the Commission, Parcel D may be leased for an additional period, but in no event beyond December 31, 2044. Although the Amended and Restated Ground Lease is increasing the term for the parcel adjoining Parcel D, the lease term for Parcel D does not change under the new Amended and Restated Ground Lease because by statute the use must terminate by December 31, 2044.

Pursuant to Section 1(b) of Chapter 74, Statutes of 1978, the City may grant leases for a period of time not exceeding 50 years. Section (8)(d) of Chapter 728 provides that the consideration for any future lease or amendment to the current lease, which includes Parcel D, must be fair market value. Section (8)(e) of Chapter 728 requires that the form
of the lease or amendment and the consideration must be subject to approval by the Commission.

The Commission staff has reviewed the Amended and Restated Ground Lease for the Balboa Bay Club and analyzed the percentage rents and additional consideration to be received by the City and finds that the consideration is at fair market rent value. The rent provisions calls for the greater of the base rent, currently set at $2,202,387 or the percentage rent, broken down as follows:

In the opinion of the Commission staff, the Amended and Restated Ground Lease provides for acceptable terms as to both form of lease and rate of consideration.

A new lease was entered into, effective October 25, 2000, that triggered the modification of revenue to be deposited into the tidelands trust fund and Kapiloff Land Bank Fund beginning on October 25, 2005, five years later.
