Sovereign land located in Lake Tahoe, adjacent to 5468 and 5464 North Lake Boulevard, near Carnelian Bay, Placer County.

*AUTHORIZED USE:*

Continued use and maintenance of an existing joint-use pier, boat lift, and three mooring buoys.

*CONSIDERATION:*

\$1,757 per year, with an annual Consumer Price Index adjustment.

If Lessee does not have valid Tahoe Regional Planning Agency (TRPA) buoy permits, Lessee is required to obtain such authorization for the mooring buoys within two years after the adoption of a Final Environmental Impact Statement (FEIS) for the Lake Tahoe Shorezone Ordinance Amendments and approval of the amended ordinances. If

Lessee is unable to obtain such authorization within the time limit, they must remove the buoys.

Lessee expressly acknowledges and agrees that issuance of a lease does not substitute for, or provide preference in, obtaining authorizations from TRPA or any other regulatory agency for the improvements authorized by the Commission.

**STAFF ANALYSIS AND RECOMMENDATION:**

**Authority:**

Public Resources Code sections 6005, 6216, 6301, and 6503.5; California Code of Regulations, Title 2, section 2000, subdivision (b).

**Public Trust and State's Best Interests Analysis:**

The subject facilities are for the docking and mooring of boats. Recreational boating is a water-dependent use that is generally consistent with the common law Public Trust Doctrine. The California Legislature has identified private recreational boating facilities as an authorized use of public trust lands (Pub. Resources Code, § 6503.5).

The subject facilities have existed for many years at this location. The pier is built on a flat and cobbled part of the shore. It is built on pilings, which allows the public to walk next to, and at certain water levels, under the pier. The buoys are located directly lakeward of the upland property and occupy a relatively small area of the lake.

The proposed lease does not alienate the state's fee simple interest or permanently impair public rights. The lease is limited to a 10-year term, does not grant the lessee exclusive rights to the lease premises, and reserves an easement to the public for public trust consistent uses. Upon termination of the lease, the Lessee may be required to remove all improvements from state land.

The proposed lease requires the Lessee to insure the lease premises and indemnify the state for any liability incurred as a result of the Lessee's activities thereon. The lease also requires the payment of annual rent to compensate the people of the state for the use of public land. For all the reasons above, Commission staff believes the issuance of this lease will not substantially interfere with public trust needs at this location, at this time, and for the foreseeable term of the proposed lease, and is in the best interests of the state.
