PROPOSED LEASE:

AREA, LAND TYPE, AND LOCATION:

Sovereign land located in Lake Tahoe, adjacent to 750 West Lake Boulevard, near Tahoe City, Placer County.

AUTHORIZED USE:

Continued use and maintenance of two existing mooring buoys.

LEASE TERM:

10 years, beginning September 25, 2015.

CALENDAR ITEM NO. **C08** (CONT'D)

3. Lessee expressly acknowledges and agrees that issuance of a lease does not substitute for, or provide preference in, obtaining authorizations from TRPA or any other regulatory agency for the improvements authorized by the Commission.

STAFF ANALYSIS AND RECOMMENDATION:

Authority:

Public Resources Code sections 6005, 6216, 6301, and 6503.5; California Code of Regulations, Title 2, section 2000, subdivision (b).

Public Trust and State's Best Interests Analysis:

The subject mooring buoys are for the docking and mooring of boats. Recreational boating is a water-dependent use that is generally consistent with the common law Public Trust Doctrine. The California Legislature has identified private recreational boating facilities as an authorized use of public trust lands (Pub. Resources Code, § 6503.5).

The subject facilities have existed for many years at this location and are privately owned and maintained. The adjacent upland parcel is privately owned and developed with a residence. The buoys are located directly lakeward of the upland property and occupy a relatively small area of the lake.

The proposed lease does not alienate the State's fee simple interest or permanently impair public rights. The lease is limited to a 10-year term, does not grant the Lessee exclusive rights to the lease premises, and reserves an easement to the public for access to and across the lease premises. Upon termination of the lease, the Lessee may be required to remove all improvements from State land.

The proposed lease requires the lessee to insure the lease premises and indemnify the State for any liability incurred as a result of the lessee's activities thereon. The lease also requires the payment of annual rent to compensate the people of the State for the use of public land. For all the reasons above, Commission staff believes the issuance of this lease is consistent with the common law Public Trust Doctrine, will not substantially interfere with public trust needs at this location, at this time, and for the foreseeable term of the proposed lease, and is in the best interests of the State.

OTHER PERTINENT INFORMATION:

1. Applicant owns the upland adjoining the lease premises.
2. On April 26, 2005, the Commission authorized a Recreational Pier Lease to Robert C. Cook. That lease expired on March 31, 2015. Robert C. Cook is now deceased. On September 25, 2015, ownership of the upland parcel transferred to Six Bar C, LLC, a California Limited Liability Company; Robert C. Cook, Jr., Trustee under the Will of Robert C. Cook, Sr., deceased, for benefit of Kristen A. Cook; and Robert C. Cook Jr., as Trustee under the Will of Robert C. Cook, Sr., deceased, for benefit of Mark A. Chrisler. The Applicant is now applying for a General Lease – Recreational Use.
3. This action is consistent with Strategy 1.1 to deliver the highest levels of public health and safety in the protection, preservation and responsible economic use of the lands and resources under the Commission's jurisdiction.
4. The staff recommends that the Commission find that this activity is exempt from the requirements of the California Environmental Quality Act (CEQA) as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; California Code of Regulations, Title 2, section 2905, subdivision (a)(2).

Authority: Public Resources Code section 21084 and California Code of Regulations, Title 14, section 15300 and California Code of Regulations, Title 2, section 2905.

5. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code section 6370 et seq., but such activity will not affect those significant lands. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
