Public Trust and State's Best Interests Analysis:

Recreational boating is water-dependent and is generally consistent with the common law Public Trust Doctrine. The California Legislature has identified private recreational boating facilities as an authorized use of Public Trust lands (Pub. Resources Code, § 6503.5). The subject facilities, consisting of a boat dock, access ramp and cantilevered deck, are privately owned and maintained and located within the Main Channel. The boat dock and access ramp facilitate recreational boating because they are used for the docking and mooring of recreational boats.

The Main Channel in Huntington Harbour was created in the early 1960s and the adjacent upland parcel is privately owned and developed with a residence. There is no public access at this upland property because the private upland property directly abuts the concrete bulkhead that defines the limits of the channel. The boat dock extends to the pierhead line, which is 60 feet into the 400 foot wide channel, leaving the majority of the Main Channel available for navigation and public recreation. The cantilevered deck extends no more than five feet over the Main Channel, is not fully enclosed, and does not substantially interfere with the public right of navigation or access.

The proposed lease does not alienate the State's fee simple interest or permanently impair public rights. The lease is limited to a 10-year term, does not grant the Lessee exclusive rights to the lease premises, and reserves an easement to the public for Public Trust consistent uses. Upon termination of the lease, the Lessee may be required to remove all improvements from State land.

The proposed lease requires the Lessee to insure the lease premises and indemnify the State for any liability incurred as a result of the Lessee's activities thereon. The lease also requires the payment of annual rent to compensate the people of the State for the use of public land. For all the reasons above, Commission staff believes the issuance of this lease is consistent with the common law Public Trust Doctrine, will not substantially interfere with public trust needs at this location, at this time, and for the foreseeable term of the proposed lease, and is in the best interests of the State.

OTHER PERTINENT INFORMATION:

1. Applicant owns the upland adjoining the lease premises.

CALENDAR ITEM NO. **C71** (CONT'D)

2. On April 26, 2013, the Commission authorized a General Lease – Recreational Use, to Robert O. Burggraf and Masako Burggraf, Trustees of the Burggraf Family Trust dated July 29, 1991, for a term of 10 years. That lease was to expire on February 4, 2022. On July 25, 2014, the upland was deeded to Terry Dedeaux and Christine M. Dedeaux, Trustees of the Terence Dedeaux Family Trust dated December 27, 1994. On January 26, 2015, the Dedeaux Trustees transferred ownership to Terry Dedeaux and Christine M. Dedeaux, Trustees of the Terence Dedeaux Family Trust dated December 27, 1994, and any amendments hereto. The Applicant is now applying for a General Lease – Recreational Use.
3. Staff recommends terminating the existing lease because the Lessee abandoned the lease by selling the upland property and subject facilities without executing a lease quitclaim deed.
4. This action is consistent with Strategy 1.1 of the Commission’s Strategic Plan to deliver the highest levels of public health and safety in the protection, preservation, and responsible economic use of the lands and resources under the Commission’s jurisdiction.
5. Termination of the lease is not a project as defined by the California Environmental Quality Act (CEQA), because it is an administrative action that will not result in direct or indirect physical changes in the environment.

Authority: Public Resources Code section 21065 and California Code of Regulations, Title 14, section 15378, subdivision (b)(5).

6. The staff recommends that the Commission find that the issuance of the lease is exempt from the requirements of CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; California Code of Regulations, Title 2, section 2905, subdivision (a)(2).

Authority: Public Resources Code section 21084 and California Code of Regulations, Title 14, section 15300 and California Code of Regulations, Title 2, section 2905.

7. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code section 6370 et seq., but such activity will not affect those significant lands. Based upon the staff’s consultation with the persons nominating such lands and

CALENDAR ITEM NO. **C71** (CONT'D)

through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
