**STAFF ANALYSIS AND RECOMMENDATION:**

**Authority:**

Public Resources Code sections 6005, 6216, 6301, 6501.1, and 6503.5; California Code of Regulations, title 2, section 2000, subdivision (b).

**Public Trust and State's Best Interests Analysis:**

On October 14, 2014, the Commission authorized a General Lease – Recreational Use to Carrion L.P., a California Limited Partnership ([Calendar Item C16, October 14, 2014](#)). That lease expires on December 31, 2023. On April 1, 2016, ownership of the upland parcel was transferred to Allison California Holdings, LLC, an Ohio limited liability company. The Applicant is now applying for a General Lease – Recreational Use for the continued use and maintenance of two existing mooring buoys.

On September 2, 2016, Carrion L.P., a California Limited Partnership executed a quitclaim deed releasing their interest in the lease. Staff recommends acceptance of the quitclaim deed and issuance of a new lease.

The subject facilities are used for recreational boating. Recreational boating is a water-dependent use that is generally consistent with the common law Public Trust Doctrine. The California Legislature has identified private recreational boating facilities as an authorized use of Public Trust land (Public Resources Code section 6503.5).

The subject facilities have existed for many years at this location. The proposed lease does not alienate the State's fee simple interest or permanently impair public rights. The lease is limited to a 10-year term, does not grant the lessee exclusive rights to the lease premises, and reserves an easement to the public for Public Trust-consistent uses. Upon termination of the lease, the lessee may be required to remove all improvements and restore the lease premises to their original condition. Additionally, the two buoys occupy a relatively small area of the lake. Based on the foregoing, Commission staff believes the two mooring buoys

will not substantially interfere with Public Trust needs at this location, at this time, for the foreseeable term of the proposed lease.

The proposed lease requires the lessee insure the lease premises and indemnify the State for any liability incurred as a result of the lessee's activities thereon. The lease also requires the payment of annual rent to compensate the people of the State for the occupation of the public land involved. For all the reasons above, Commission staff believes the issuance of this lease is consistent with the common law Public Trust Doctrine and in the best interests of the State.

**OTHER PERTINENT INFORMATION:**

1. This action is consistent with Strategy 1.1 of the Commission's Strategic Plan to deliver the highest levels of public health and safety in the protection, preservation, and responsible economic use of the lands and resources under the Commission's jurisdiction.

2. Acceptance of the lease quitclaim deed is not a project as defined by the California Environmental Quality Act (CEQA) because it is an administrative action that will not result in direct or indirect physical changes in the environment.

Authority: Public Resources Code section 21065 and California Code of Regulations, title 14, section 15378, subdivision (b)(5).

3. Staff recommends that the Commission find that the issuance of the proposed lease is exempt from the requirements of CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; California Code of Regulations, title 2, section 2905, subdivision (a)(2).

Authority: Public Resources Code section 21084 and California Code of Regulations, title 14, section 15300 and California Code of Regulations, title 2, section 2905.

4. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code section 6370 et seq., but such activity will not affect those significant lands. Based upon staff's consultation with the persons nominating such lands and through the CEQA review process, it is staff's opinion that the project, as proposed, is consistent with its use classification.
