Response to Question #3d:

The Port of Oakland (Port), pursuant to a Memorandum of Understanding (MOU) between the Port and the City of Oakland (City) dated July 1, 1983, as amended and supplemented, reimburses the City for the operation and maintenance of Lake Merritt (a tidelands grant area). The reimbursement includes the costs for grounds and facilities maintenance, security, algae control and recreational services. The amount paid is limited to the lesser of actual costs or a maximum amount set forth in the MOU that adjusts each year by CPI. In FY 2016, the reimbursement to the City for Lake Merritt expenses was \$1,290,849.

In the course of normal business, the Port also periodically disposes, donates or sells miscellaneous obsolete, worn-out and broken property as well as capital equipment. In FY 2016, disposed equipment included a shuttle bus and miscellaneous property, for which the Port received approximately \$1,400.
