2015/16 Financial Reports for lands granted to the University of California

Dear Mr. Boggiano,

We are responding to your request for an annual financial report associated with the property granted to the Regents of the University of California by the State. During fiscal year 2015/16, Scripps Institution of Oceanography received revenue in the amount of \$16,658 from outside use of the Scripps Pier. We are aware of no other revenues, with the possible exception of an annual surfing contest, sponsored by the UCSD Cancer Center Foundation for charitable purposes, and all funds were retained by the Cancer Center.

In 2015/16, the University incurred costs of approximately \$2,827 in Pier upkeep, and \$74,027 to provide lifeguard services for this area during the summer and on holidays. University resources are also used to maintain the surrounding area and seawalls, and to empty trash and keep the beach clean.

Please let me know if you have any questions.

Sincerely,

Susie Pike Humphrey
