The City of Richmond, the Richmond Redevelopment Agency, and the State are collectively referred to in this Agreement as "the Parties."

H. Exhibits 1 through 7 are attached to this Agreement and are incorporated by reference as parts of it.

I. Upon its admission to the United States of America on September 9, 1850, the State of California, by virtue of its sovereignty, received in trust for the purposes of commerce, navigation and fisheries (the "public trust") all right, title and interest in tide and submerged lands within its boundaries up to the ordinary high water mark.

J. Pursuant to the provisions of Division 6 of the Public Resources Code, including Sections 6301 and 6216, the State Lands Commission is vested with all jurisdiction and authority as to all ungranted tide and submerged lands held by the State in trust for the benefit of the people of the State.

K. Pursuant to Chapter 317, Statutes of 1913, as amended (the "Richmond Grant"), the City of Richmond/Trustee has been granted in trust certain tidelands within
the area of the Subject Parcels, for uses of commerce, navigation and fisheries as further specified in the Richmond Grant.

L. As described below, title to many of the Subject Parcels is in dispute as to whether they are proprietary lands not subject to the public trust, or are public trust lands in fee or through a public trust easement. This dispute is most significant in lands sold by Tidelands Survey Number 8. To address this dispute, the State of California enacted Chapter 527, Statutes of 2000, as an amendment to the Richmond Grant. Chapter 527 authorizes the settlement of disputes within an area defined in its Section 1(e) as the “Richmond Harbor Development Area” or otherwise within the perimeter description of Tideland Survey Number 8. All or portions of the Ford Motor Plant Parcel, the Craneway Parcel, the Harbour Way Public Access Parcel and Public Trust Parcels B, D-1, D-2 and F-3 lie within the Richmond Harbor Development Area and/or within the perimeter description of Tideland Survey Number 8. Chapter 527 authorizes settlements of title using land exchanges upon appropriate findings made by the State, which will be made by the State at the time this Agreement is recorded.

M. One purpose of this Agreement is to settle public trust title ownership within the Richmond Harbor Development Area. When recorded, the Agreement and its associated deeds will accomplish this through a land exchange, with certain parcels being freed from the public trust and other parcels being made subject to the public trust and to the Richmond Grant.

N. At statehood, the land within the Subject Parcels was tide or submerged owned by the State by virtue of its sovereignty as public trust lands. After statehood, all of the lands within the Subject Parcels were subdivided and were included within the
perimeter descriptions of deeds from the State to private parties issued with reference to disposition statutes such as Chapter 397, Statutes of 1863 and Chapter 543, Statutes of 1867-1868. One sale was of Tideland Survey Number 8, which used Chapter 397, Statutes of 1863, as the authority for its issuance. The majority of the Ford Motor Plant Parcel and the Craneway Parcel were included within the perimeter description of Tideland Survey Number 8.

O. The Richmond Redevelopment Agency is the current record title holder of the land within the Subject Parcels with the exception of the Harbour Way Public Access Parcel, which is held in fee by the City of Richmond/Municipal Corporation.

P. The State has performed extensive analysis of historical topographic mapping, surveys, and written accounts related to the Subject Parcels and the area surrounding them. Based upon its research, the State’s position is as follows (without agreement by the Richmond Redevelopment Agency or the City of Richmond/Municipal Corporation with the State’s assertions or the facts cited in support thereof):

1. At the time of sale, Tideland Survey Number 8 included submerged lands below the line of low tide that were not authorized to be sold through Chapter 397, Statutes of 1863. For this reason, the submerged lands portion of Tidelands Survey Number 8 remains subjects to public trust fee ownership.

2. Those portions of Tidelands Survey Number 8 that were in fact tidelands remain subject to a dominant easement in favor of the State for public trust purposes. People v. California Fish Company (1913) 166 Cal. 576. This public trust easement is held by the City of Richmond/Trustee through the Richmond Grant.
3. All or portions of the Ford Motor Plant Parcel, the Craneway Parcel, the Harbour Way Access Parcel, and Public Trust Parcels B, D-1, D-2, and F-3 were included within Tidelands Survey Number 8, and are subject to public trust title in fee or easement.

4. Portions of the Ford Motor Plant Parcel and the Craneway Parcel were within the perimeter description of Board of Tideland Commissioners Lots 18 and 31 in Section 24, and Board of Tideland Commissioners Lot 2 in Section 25, Township 1 North, Range 5 West, Mount Diablo Base and Meridian. The portions of these parcels which were filled by 1980 and not subject to tidal action are free of the public trust. City of Berkeley v. Superior Court of Alameda County (1980) 26 Cal. 3d 515. Conversely, the portions not filled above tidal action by 1980 are subject to a public trust easement.

5. The State of California was not a party to the 1916 settlement agreement (discussed in Recital Q.2 below) relied upon by the Richmond Redevelopment Agency and the City of Richmond/Municipal Corporation, even though this was property in which the statewide public had an interest and the State had a reversionary title right. Therefore, the 1916 settlement agreement is not binding upon the State of California, and does not terminate the public trust in the Ford Motor Plant Parcel or the Craneway Parcel.

Q. The Richmond Redevelopment Agency and the City of Richmond/Municipal Corporation have performed their own research regarding the history of the Subject Parcels. Based upon their research, the Agency's and City's position is as follows (without agreement by the State with the Agency's and City's assertions or the facts cited in support thereof):
1. The Agency is the successor in interest to the original patentees of a portion of Tideland Survey Number 8, which encompasses portions of the Ford Motor Plant Parcel and the Craneway Parcel. The land within Tideland Survey Number 8 was subdivided by the State of California and was validly sold pursuant to Chapter 397, Statutes of 1863, to a predecessor in title of the Richmond Redevelopment Agency.

2. Any uncertainty regarding whether Tideland Survey Number 8 included submerged lands has been cured in favor of non-sovereign ownership for several reasons:

   a. In 1916, the City of Richmond/Trustee and the holders of Tidelands Survey Number 8 at that time entered a land title settlement agreement. This was in an effort to resolve disputed title to tide and submerged lands within Tideland Survey Number 8 and other areas within the Richmond Harbor Development Area (as defined in Chapter 527, Section 1(e)) and beyond. The 1916 agreement to settle land title removed obstacles that prevented implementation of a program of harbor development in furtherance of the Richmond Grant.
   
   b. Through the 1916 agreement, private parties conveyed to the City of Richmond/Trustee tide and submerged lands that were needed for a planned program of harbor development.
   
   c. Also through the 1916 agreement, certain areas, including Tideland Survey Number 8 portions of the Ford Motor Plant
Parcel and the Craneway Parcel, were confirmed as private land.

d. In reliance upon the 1916 agreement, bulkheads were built, channels dredged, streets dedicated and harbor facilities built as part of a plan of harbor development. Properties confirmed in private ownership through the 1916 agreement were developed and were conveyed to various private and public owners over the course of eighty-eight years. All of this was done in reliance upon the validity of the 1916 agreement.

3. The Agency holds title to filled and improved land within the perimeter description of former tide and submerged lands sold by the Board of Tideland Commissioners as BTLC Lots Number 23 and 24 in Section 19, Lots 17, 18, 31 and 32 in Section 24 and Lots 1 and 2 in Section 25, Township 1 North, Range 5 West, Mount Diablo Base and Meridian. These filled lands are free of the public trust (City of Berkeley v. Alameda County Superior Court (1980) 26 Cal. 3d 515).

4. The Richmond Redevelopment Agency, the City of Richmond/Trustee, the City of Richmond/Municipal Corporation, and their predecessors have been in peaceable and productive possession of the Subject Parcels; have paid all property taxes (at times of private ownership); and these and other equitable considerations bar the assertion of any remaining sovereign public trust interest in the Subject Parcels other than a public trust easement within Tidelands.

Survey Number 8 and any portions of Board of Tideland Commissioners lots not filled as of 1980.

R. In 1931, the Ford Motor Company constructed an automobile assembly building on the Ford Motor Plant Parcel and the Craneway Parcel. The Ford Assembly Building has been listed on the National Register of Historic Places.

S. After closure of industrial operations, the Ford Assembly Building was put to alternative uses. The Ford Assembly Building was severely damaged during the 1989 Loma Prieta earthquake and has been idle since that time. There is now a plan for adaptive reuse of the Ford Assembly Building, including provision for public access along the waterward perimeter of the building and public access and other visitor-serving uses within the Craneway Parcel, which is on/along the waterward side of the Ford Assembly Building. These plans are a part of an overall public access plan for the entirety of the Richmond Inner Harbor and will contribute to the completion of the San Francisco Bay Trail.

T. The Ford Motor Plant Parcel has been filled and reclaimed and is removed from public channels and is no longer available or useful or reasonably susceptible of use or required for public trust purposes.

U. There is a bona fide dispute between the State, the Richmond Redevelopment Agency, and the City of Richmond/Municipal Corporation as to the existence, extent, nature, and location of their respective rights, titles, and interests in the majority of the area of the Subject Parcels.

V. It is in the public interest that this dispute be resolved in a manner that furthers public trust purposes. The dispute limits the potential development of the
Richmond Harbor Development Area and other property within Tideland Survey Number 8, threatens the ability of the City of Richmond/Trustee, the City of Richmond/Municipal Corporation, and the Richmond Redevelopment Agency to preserve the historic Ford Assembly Building, and renders uncertain the expansion of desirable public access and commercial recreation facilities along this portion of the Richmond waterfront.

W. This Agreement resolves the dispute and consolidates and adjusts the public and private ownerships within the Subject Parcels by and through a land exchange. The exchange is for the purpose of effectuating the adaptive reuse and economic redevelopment of the historic Ford Assembly Building for the Richmond Harbor Development Area, including for public trust uses, and for facilitating related plans for developing facilities outside the Richmond Harbor Development Area.

X. A resolution of the parties' rights, titles and interests in some of the Subject Parcels will require costly, protracted, and vigorously disputed litigation with uncertain results if the controversy cannot be resolved by settlement.

Y. The parties consider it expedient and necessary and in their best interests and that of the general public to resolve this title dispute by compromise settlement, avoiding the anticipated substantial costs, time requirements, and uncertainties of litigation.

Z. In the interest of settlement, the parties have conducted independent studies and evaluations of the title evidence, the principles of law, and the merits of their legal positions. An evaluation and study completed by the State has shown that the value of the asserted sovereign interests in the Ford Motor Plant Parcel and the
underlying fee within the Craneway Parcel and the Harbour Way Public Access Parcel is less than or equal to the value of land or interests in land to be received in the Public Trust Parcels, an exercised public trust easement within the Craneway Parcel, and access easements in the Harbour Way Public Access Parcel, the Shoreline Public Access Easement Area I and the Shoreline Public Access Easement Area II obtained through this Agreement.

AA. Described generally, this Agreement provides that:

1. The State will terminate public trust land title and the terms and requirements of the Richmond Grant in the Ford Motor Plant Parcel. To achieve this, the City of Richmond/Trustee will convey back to the State any interest it may hold in the Ford Motor Plant Parcel by virtue of the Richmond Grant, and the State will patent to the Richmond Redevelopment Agency any interest in the Ford Motor Plant Parcel held by virtue of its sovereignty.

2. The State patent described in subparagraph 1 shall be and is intended to terminate any possible State interest existing by virtue of its sovereignty in the Ford Motor Plant Parcel.

3. The Richmond Redevelopment Agency and the City of Richmond/Municipal Corporation will convey to the State any interest they may have in the Public Trust Parcels, to be held as sovereign land subject to the public trust for commerce, navigation and fisheries. The State will patent the Public Trust Parcels to the City of Richmond/Trustee for it to hold and to administer pursuant to the Richmond Grant. The Public Trust Parcels will be put to public trust uses as provided in the Richmond Grant.
4. A public trust easement for commerce, navigation and fisheries shall be established in the Craneway Parcel, and shall be exercised by the State for purposes of overnight accommodation, restaurants and cafes, water-related industry, museums regarding waterfront history, visitor-serving retail, boating and ferry service. This public trust easement will be established and exercised as follows: First, the Richmond Redevelopment Agency will grant the fee to the Craneway Parcel to the State. Second, the State will issue a patent to the Richmond Redevelopment Agency of the fee in Craneway Parcel, reserving a public trust easement to itself and exercising the easement for specified purposes. Third, the State will patent the public trust easement as exercised to the City of Richmond/Trustee, for it to hold and to administer pursuant to the Richmond Grant.

5. A public access easement shall be established in the Shoreline Public Access Easement Area I for public pedestrian, bicycle and other passive access, and for government and emergency vehicle access. In the Shoreline Public Access Easement Area II and the Harbour Way Public Access Parcel, there shall be a public access easement for purposes of public vehicular, pedestrian and bicycle access, and for other public access consistent with use as a public street. These easements shall be established as follows:

a. In the Shoreline Public Access Easement Area I, the Richmond Redevelopment Agency shall deed to the State an easement for public pedestrian, bicycle and other passive access, and for government and emergency vehicular
access. The State shall deed this public access easement to the City of Richmond/Trustee, for it to hold and to administer pursuant to the Richmond Grant.

b. In the Shoreline Public Access Easement Area II, the Richmond Redevelopment Agency shall deed to the State an easement for public pedestrian, bicycle and vehicular access, and for such other public access consistent with use as a public street. The State shall deed this public access easement to the City of Richmond/Trustee, for it to hold and to administer pursuant to the Richmond Grant.

c. In the Harbour Way Public Access Parcel, sovereign fee title shall be terminated, but an easement shall be established for purposes of public pedestrian, bicycle and vehicular access, and other public access consistent with use as a public street. This will be achieved as follows: First, the City of Richmond/Trustee shall convey to the State any rights it holds under the Richmond Grant. Second, the State shall issue a patent to the City of Richmond/Municipal Corporation for the Harbour Way Public Access Parcel, terminating any interest in the public trust in the Parcel. Third, the City of Richmond/Municipal Corporation shall grant the State an easement in the Harbour Way Public Access Parcel for
public access for purposes of public pedestrian, bicycle and vehicular access, and other public access consistent with use as a public street. Fourth, the State shall deed the public access easement for purposes of public pedestrian, bicycle and vehicular access, and other public access consistent with use as a public street to the City of Richmond/Trustee, for it to hold and to administer pursuant to the Richmond Grant.

6. The Richmond Redevelopment Agency and the City of Richmond/Municipal Corporation shall indemnify and hold harmless the State and the City of Richmond/Trustee from any liability or responsibility for hazardous waste or dangerous material within or emanating from Parcel B or the Harbour Way Public Access Parcel, respectively.

BB. The land exchange achieved through this Agreement and its associated deeds maximizes the overall benefits to the public trust, without interfering with public trust uses or purposes. Following the exchange achieved through the implementation of this Agreement, lands along the majority of the Richmond Inner Harbor and all lands along the southern portion of the Ford peninsula adjacent to the waterfront will be subject to the public trust. The lands that will be removed from the public trust through this exchange have been cut off from navigable waters, constitute a relatively small portion of the lands granted through the Richmond Grant, and are no longer needed or required for the promotion of the public trust.

7. State Lands Commission Findings.

The State Lands Commission, by its approval and upon recordation of this Agreement:
a. Finds and declares that the Ford Motor Plant Parcel and fee interest in the Harbour Way Public Access Parcel have been improved, filled, and reclaimed; consist entirely of dry, non-waterfront land lying above the present mean high tide line; have been cut off from direct access to the waters of San Francisco Bay by past filling of intervening property; and are no longer tidelands or submerged lands;

b. The Ford Motor Plant Parcel and the existing sovereign title interest in the Harbour Way Public Access Parcel are not necessary in their current public trust encumbered status for the highly beneficial program for waterfront development in the City of Richmond (as represented by the plans for the Richmond Harbor Development Area as that area is described in Chapter 527, statutes of 2000, and for related and supporting facilities outside the Richmond Harbor Development Area), due to the current state of the land;

c. The sovereign interests within the Ford Motor Plant Parcel and the Harbour Way Public Access Parcel are not necessary or useful for commerce, navigation or fisheries, or for the purposes of Chapter 317, Statutes of 1913, as amended; those interests are better served by the acquisition of title to the Public Trust Parcels; and the Ford Motor Plant Parcel and the Harbour Way Public Access Parcel are no longer needed or required for the promotion of the public trust or the Richmond Grant.

d. The sovereign interests within the Ford Motor Plant Parcel and the Harbour Way Public Access Parcel constitute a relatively small portion of all tidelands granted to the City of Richmond/Trustee;
e. The Public Trust Parcels, the public trust easement in the Craneway Parcel, and the public access easements within the Harbour Way Public Access Parcel, Shoreline Public Access Easement Area I and Shoreline Public Access Easement Area II will serve public trust needs for public access, parks, visitor service, and a possible ferry landing;

f. Streets, including the public access easement within the Harbour Way Public Access Parcel and the Shoreline Public Access Easement Area II, in or serving the Richmond Harbor Development Area and other property within Tidelands Survey Number 8 have provided, and will continue to provide, public access to the water;

g. This Agreement is in the best interest of the State for the improvement of navigation and commerce; for the enhancement of public access to and along the shoreline and waterfront; and for the protection, preservation, and enhancement of public trust interests in the remaining tidelands and submerged lands;

h. The economic value of the Public Trust Parcels, the public trust easement in the Craneway Parcel, and the public access easements in the Shoreline Public Access Easement Area I and Shoreline Public Access Easement Area II and the Harbour Way Public Access Parcel exceed the combined economic value of public trust rights in the Ford Motor Plant Parcel, the Harbour Way Public Access Parcel and the fee underlying the Craneway Parcel in which the public trust is to be terminated by the Agreement and associated patents;

i. The parties have a good faith and bona fide dispute as to their respective interests within the majority of the area of the Subject Parcels. The Agreement is a
compromise of the contested issues of law and evidence upon which the dispute is based, and is in lieu of the costs, delay, and uncertainties of title litigation, and is consistent with and authorized by the requirements of law, particularly Chapter 527, Statutes of 2000.

j. This Agreement is in settlement of a title dispute and is therefore exempt from the California Environmental Quality Act pursuant to Public Resources Code Section 21080.11.

By their execution of this Agreement, the parties agree to accept the conveyances of interests in land referred to in this Agreement and consent to the recording of this Agreement and other documents executed pursuant to this Agreement.

At such time as this Agreement, all conveyances necessary to accomplish this Agreement and written approval by the parties of the condition of title to the parcels to be conveyed to them as shown in a pro forma title commitment have been deposited into escrow, the Richmond Redevelopment Agency or the City of Richmond, at the option of either, may submit the settlement embodied in this Agreement to a court of competent jurisdiction to confirm the validity of the settlement by court judgment. Such election shall be made and any complaint shall be filed by the Richmond Redevelopment Agency or the City of Richmond within 180 days of recordation of this Agreement and its deeds by the Escrow Agent pursuant to Paragraph 23. The State shall cooperate with the Richmond Redevelopment Agency or the City of Richmond in obtaining such a confirmatory judgment.
10. **Appeal of Optional Judgment.**

Upon entry of any judgment confirming the validity of the settlement embodied in this Agreement as provided in Paragraph 9, each party shall be deemed to have waived any right to appeal from the judgment.

11. **Effect of a Judicial Finding of Invalidity.**

Should a court of competent jurisdiction enter a judgment that becomes final, finding and declaring that this Agreement or any of the conveyances pursuant to it is invalid, and should that determination be upheld on final appeal (if one if filed), the Parties agree that the Agreement shall no longer be effective for any purpose, and that the Parties shall re-convey to their respective grantors under this Agreement each and every right, title, and interest conveyed as a result of this Agreement, so as to return the Parties to the positions they were in prior to the execution of this Agreement.

12. **Further Assurances.**

So long as authorized by applicable laws to do so, the Parties will perform such other acts, and execute, acknowledge and deliver all further conveyances and other instruments, that may be necessary to fully assure to the other parties all of the respective properties, rights, titles, interests, estates, remedies, powers, and privileges to be conveyed or provided for by this Agreement.

13. **Execution Before a Notary Public.**

All signatures of the parties to this Agreement and all documents executed pursuant to this Agreement shall be acknowledged before a Notary Public and a certificate of acknowledgment shall be attached to the executed Agreement and other
documents to allow them to be recorded in the Office of the Recorder of the County of Contra Costa, California.

Upon execution of this Agreement, none of the parties shall sell, transfer, assign, mortgage, pledge or hypothecate, whether by operation of law or otherwise, any of their respective rights, title, or interests in or to the Subject Parcels prior to the recording of this Agreement and its associated deeds. Following recording of this Agreement and its associated deeds, the title interests held by the City of Richmond in the Subject Parcels through the Richmond Grant may not be sold or otherwise conveyed or transferred.

15. Agreement for Compromise and Settlement.

It is expressly understood by the parties that the provisions set forth in this Agreement have been agreed upon for purposes of compromising and settling the respective disputed interests of the parties in the Subject Parcels.

16. No Admission or Effect if Agreement Not Made Effective.

In the event this Agreement does not become effective, nothing in it shall constitute, or be construed as, an admission by any party hereto or evidence concerning the boundaries, physical character, or character of title to or interest in the Subject Parcels.

17. No Effect on Other Lands.

The provisions of this Agreement do not constitute, nor are they to be construed as, an admission by any party or evidence concerning the boundaries, physical character, or character of title to or interest in any lands outside the Subject Parcels.
18. **Agreement Binding on Heirs, Assigns, Et Cetera.**

All the terms, provisions, and conditions of this Agreement shall be binding upon and inure to the benefit of the respective heirs, administrators, executors, successors, and assigns of the Parties.

19. **Modification.**

No modification, amendment, or alteration of this Agreement shall be valid unless in writing and signed by the parties to this Agreement.

20. **No Effect on Other Government Jurisdiction.**

This Agreement has no effect whatsoever on the regulatory, environmental or other jurisdiction of any federal, state, local, or other government entity not a party to this Agreement.

22. **Headings.**

The title headings of the sections of this Agreement are inserted for convenience only and shall not be considered in construing this Agreement.

23. **Escrow.**

a. The parties will agree to a title company acceptable to both for the opening and closing of escrow and the recording of documents ("Escrow Agent").

b. Deposits by parties:

(1) State shall deposit the following documents into escrow:

(a) A minute item showing the Commission's approval of this Agreement and the Commission's authorization that it
and the quitclaims/patents set forth in Paragraphs 1 through 5 be executed on the State's behalf.

(b) This Agreement, duly and properly executed by the State; and

(c) An original copy of Exhibits 9, 13, 16, 17, 19, 21, 24 and 25 fully executed by the State;

(2) The Richmond Redevelopment Agency shall deposit the following documents into escrow:

(a) A certified copy of a Resolution of its Board of Directors (or similar document approved by the State in writing) approving this Agreement and authorizing that it be executed on Richmond Redevelopment Agency's behalf, and that the deeds from the Agency through Paragraphs 2-5 be executed; and

(b) This Agreement, duly and properly executed by the Richmond Redevelopment Agency.

(c) Original copies of Exhibits 12, 15, 22, and 23, fully executed by the Richmond Redevelopment Agency.

(2) The City of Richmond/Trustee and the City of Richmond/Municipal Corporation shall deposit the following documents into escrow:

(a) A certified copy of a Resolution of its City Council approving this Agreement and authorizing that it be executed
on the City's behalf, and that deeds from the City of Richmond Trustee and City of Richmond/Municipal Corporation through Paragraphs 1, 2, 3, 4, and 5 be executed; and

(b) This Agreement, duly and properly executed by the City of Richmond/Trustee or Municipal Corporation, as appropriate.

(c) Original copies of Exhibits 8, 10, 11, 14, 18, and 20 fully executed by the City of Richmond.

Upon receipt of a certified copy of judgment by the Court, (should either the City of Richmond or the Richmond Redevelopment Agency choose to seek judicial confirmation of the validity of this Agreement pursuant to Paragraph 9) and receipt of all documents described in Paragraph 23 and written approval of pro forma title policies by each party as to land or interests in land to be conveyed to that party, Escrow Agent shall notify the parties of its intention to close escrow and to record this Agreement and any related documents (pursuant to escrow instructions agreed to by the Parties), and shall set a date certain for such recordation and closing within 30 days of receipt of such documents. At 8:00 a.m., or as early as possible on the date chosen for the close of escrow, Escrow Agent shall record this Agreement in the Office of the County Recorder for the County of Contra Costa, California.
25. **Purpose to Perfect Title**

The Ford Motor Plant Parcel, the Harbour Way Public Access Parcel and the fee in the Craneway Parcel will be patented by the State to the Richmond Redevelopment Agency or to the City of Richmond/Municipal Corporation pursuant to this Agreement solely for the purpose of perfecting title to that Parcel and, accordingly, for tax assessment purposes, said patent does not involve a change in ownership pursuant to Section 62 (b) of the California Revenue and Taxation Code.

26. **Allocation of Costs and Expenses.**

The expenses and fees of escrow incurred by Escrow Agent, including those associated with recordation of this Agreement and other documents necessary to effectuate this Agreement, shall be borne by the Richmond Redevelopment Agency. All other fees, costs and expenses of any attorney, engineer or other person employed or retained by a party in connection with the transaction underlying this Agreement shall be borne by that party.

27. **Effective Date.**

This Agreement shall become effective only upon execution and recordation of this Agreement. To become effective, this Agreement must be recorded by February 1, 2005, or within 30 days from entry of any judgment pursuant to Paragraph 9, above, whichever is earlier, unless the parties extend that date in writing.
To witness this Agreement, a duly authorized officer of each party has executed it below on the date opposite each signature.
