public uses and purposes and may lease said lands, or any part thereof, for limited periods (but in no event exceeding 50 years), for purposes consistent with the trust upon which said lands are held by the State of California, and with the requirements of commerce and navigation, and collect and retain rents from such leases.

Nothing contained in this paragraph (a) shall be deemed to affect the validity or term of any franchise granted by said district under the Broughton Act, and any such franchise shall be effective with respect to said lands when title thereto passes to said district hereunder.

The grant of tide and submerged lands to the Crescent City Harbor District made by this act shall not affect the terms of any franchise or lease presently in effect or any extensions of a lease now provided for in an existing lease.

(b) That said lands shall be improved by said district without expense to the State, and shall always remain available for public use for all purposes of commerce and navigation, and the State of California shall have at all times, the right to use, without charge, all wharves, docks, piers, slips, quays, and other improvements and facilities constructed on said lands, or any part thereof, for any vessel or other water or aircraft, or railroad, owned or operated by the State of California.

(c) That in the management, conduct or operation of said harbor, or of any of the utilities, structures, appliances or facilities mentioned in paragraph (a), no discrimination in rates, tolls, or charges or in facilities for any use or service in connection therewith shall ever be made, authorized or permitted by said district or its successors.

(f) The lands herein described are granted subject to the express reservation and condition that the State may at any time in the future use said lands or any portion thereof for highway purposes without compensation to the district, its successors or assigns, or any person, firm or public or private corporation claiming under it, except that in the event improvements have been placed upon the property taken by the State for said purposes, compensation shall be made to the person entitled thereto for the value of his interest in the improvements taken or the damages to such interest.

(g) That within 10 years from the effective date of this act said lands shall be substantially improved by said district
without expense to the State, and if the State Lands Commission determines that the district has failed to improve said lands as herein required, all right, title, and interest of said district in and to all lands granted by this act shall cease and said lands shall revert and rest in the State.

Sec. 2. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

Sec. 3. Nothing contained in this act shall preclude the district from accepting and retaining any grant of funds from the State made available for the purpose of aiding in the development of said lands for any public purpose not inconsistent with the promotion and accommodation of commerce and navigation, or shall preclude the State from expending funds for the purpose of aiding in such development.

Sec. 4. The State Lands Commission shall, at the cost of the grantee, survey, monument, plat, and record in the office of the County Recorder of Del Norte County, the area of state lands described in this act.
