Legislative
findings

SEC. 2. It is hereby found and determined:

(a) Because of geographical factors, the city can better administer for public use the subject lands for park, playground, marine, recreational and beach purposes than the State.

(b) The city is willing to accept such administration and control from the State upon the following conditions, which the State finds are necessary, reasonable and proper:

(1) The State shall convey to the city all its right, title and interest in and to the surface of the subject lands, and in and to all portions of the surface of said lands down to and including two hundred (200) feet below such surface. The State expressly reserves all rights it now has, if any, to use the surface of the subject lands and all portions of the subsurface of said lands down to and including 200 feet below such surface, for the development and production of oil, gas, other hydrocarbons and minerals from beneath those specific parcels of the subject lands involved in the aforementioned People's case, and for their recovery, removal, transportation, storage and sale.

(2) Such conveyance shall be consistent with and in furtherance of, and shall not affect, amend, replace nor modify those certain trust purposes and conditions as set forth in Chapter 102, Statutes of 1925, and Chapter 158, Statutes of 1935, whereby portions of the subject lands were originally conveyed to the City of Long Beach in trust.

(3) Such conveyance shall in no wise in any degree nor to any extent whatsoever affect, modify nor remove from judicial consideration the issues in the People's case. It is the intention of the Legislature that the People's case shall be completely unaffected by this statute, and that the court shall consider such case as though this statute never had been passed.

(4) That within 10 years from the effective date of this act said lands shall be substantially improved by said city and

if the Division of Beaches and Parks of the Department of Natural Resources determines that the city has failed to improve said lands as herein required, all right, title, and interest of said city in and to all lands granted by this act shall cease and said lands shall revert and rest in the State.

(5) The conveyance of that portion of the grant lying in Alamitos Bay between the extensions of 55th and 69th Places is made upon the express condition that the property conveyed hereby shall be used for a public park, or beach used by all the public for recreational purposes, and for no other purposes whatsoever, and should said property or any portion thereof be used for any other purpose, then, in that event, such portion of the property hereby conveyed shall immediately revert unto the grantor herein, its successors or assigns.

It is further provided that the property herein conveyed in Alamitos Bay between the extensions of 55th and 69th Places shall not be occupied by any seawall which will destroy the beach unless necessary for the preservation of public property, public health and safety, but, subject to such hereinabove stated exceptions, shall be used exclusively for a walk-in type of beach for use by all the public and the city shall maintain the same at its highest potential as a beach recreational area.

It is further understood that it is the intention of the City of Long Beach to move the Alamitos Bay Yacht Club from its present location to the easterly portion of the subject lands and it is understood that when such relocation is accomplished then the area now used by said yacht club will thereafter be used as a public beach for the use of all the public and will not again be occupied by any private yacht club or similar restrictive use.

SEC. 3. There is hereby granted to the City of Long Beach, ^{Grant to} a municipal corporation, in trust, all the right, title and interest of the State of California in and to the surface, and those portions of the subsurface, down to and including two hundred (200) feet below the surface of the subject lands, for the purposes, and subject to the conditions specified in Section 2. _{City of}
