
CHAPTER 1008

An act relating to lands granted to the City of San Diego.

[Became law without Governor's signature. Filed with
Secretary of State September 30, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any provision of Chapter 142 of the Statutes of 1945, as amended by Chapter 1455 of the Statutes of 1955, or any provision of Chapter 2139 of the Statutes of 1963, the City of San Diego, not later than February 1, 1982, may, with respect to those lands granted in trust to the city commonly known as De Anza Point and more particularly described in Section 2 of this act, and subject to the provisions of Section 3 of this act, concur by resolution in the following findings and determinations:

(a) The City of San Diego, as trustee for the people of California, has entered into a 50-year lease agreement for development of the described lands as a tourist and trailer park, which term will end on November 23, 2003.

(b) The described lands were intended by the Legislature to be used for public recreation and public recreational support facilities, which uses could encompass transient-type guest housing. However, the described lands have in fact been developed with permanent sites for mobilehomes which can no longer be considered public guest housing facilities.

(c) Private residential use of these lands is in conflict with the Legislature's intent as declared in the legislative grants.

(d) Many members of the public have made De Anza Point their residence for many years and have come to look upon the lands described in Section 2 of this act as their home despite their month-to-month contractual tenancy.

(e) In balancing the hardship of relocating tenants with current public needs for expanded recreational lands on Mission Bay, sufficient lands are available or can be made available for recreational purposes on Mission Bay until the year 2003.

(f) In view of the foregoing, tenants should not be forced, by reason of their residential use of the described lands, to relocate outside those lands before November 23, 2003. Thus, it is the policy of the state to permit existing uses of the described lands to continue until November 23, 2003. This policy is not intended to affect the rights and obligations of landlord and tenant under the terms of existing leases.

SEC. 2. Upon compliance by the City of San Diego with the provisions of this act, the use of the lands described in this section in accordance with this act shall be deemed to be in furtherance of trust purposes and consistent with the provisions of Chapter 142 of the Statutes of 1945, as amended by Chapter 1455 of the Statutes of 1955, and the provisions of Chapter 2139 of the Statutes of 1963.
