SEC. 15. Section 41 of said act is amended to read:

Sec. 41. Notwithstanding any other provision of this act, the board may borrow money by issuance of negotiable promissory notes, or execute conditional sales contracts to purchase personal property, in an amount or of a value not exceeding in the aggregate at any one time the sum of two hundred thousand dollars (\$200,000), for the purposes of the acquisition, construction, completion or repair of any or all improvements, works, property or facilities authorized by this act or necessary or convenient for the carrying out of the powers of the district.

Notwithstanding any other provision of this act, the board may borrow money, until June 30, 1967, by the issuance of negotiable promissory notes to provide working capital for the necessary expenses of conducting the district, provided that at the time of issuance of any such notes the aggregate amount of said notes outstanding and issued for such purpose shall not exceed one-fourth of the annual budget for such expenses for the fiscal year (or portion thereof in the case of 1962-1963) in which such borrowing occurs.

Notwithstanding any other provision of this act, the board may borrow money, until June 30, 1967, by the issuance of negotiable promissory notes, to provide any or all sums required to be paid under any or all contracts of assumption mentioned in Section 67 of this act.

Negotiable promissory notes issued pursuant to this section shall mature in not exceeding five years from their respective dates and shall bear interest at a rate or rates not exceeding 6 percent per annum payable annually or semiannually.

No conditional sales contract shall be for a term in excess of five years from the date of execution thereof.

The negotiable promissory notes and the conditional sales contracts shall contain such terms and provisions as the board shall specify in the ordinance providing for the issuance thereof. The negotiable promissory notes shall be signed in the same manner as general obligation bonds of the district and the conditional sales contracts shall be signed in the same manner as other contracts of the district.

As a condition precedent to the issuance of any negotiable promissory notes for the purposes of the acquisition, construction, completion or repair of any or all improvements, works, property or facilities authorized by this act or necessary or convenient for the carrying out of the powers of the district or the execution of any conditional sales contract for such purposes, as provided in this section, in excess of twenty-five thousand dollars (\$25,000), the board shall first unanimously approve by resolution and have on file a report approved by the port director on the engineering and economic feasibility relating to the project contemplated for the expenditure of said borrowed money or conditional sales contract. Said feasibility report shall be prepared and signed by an engineer or engineers licensed and registered under the laws of the State of California.

Taxes for the payment of all negotiable promissory notes or conditional sales contracts issued under this section shall be levied, collected, paid to the district and used in the same manner as is hereinafter provided for general obligation bonds of the district.

SEC. 16. Section 42 of said act is amended to read:

Sec. 42. Whenever the board deems it necessary for the district to incur a general obligation bonded indebtedness for the acquisition, construction, completion or repair of any or all improvements, works, property or facilities, authorized by this act or necessary or convenient for the carrying out of the powers of the district, it shall, by ordinance, adopted by two-thirds of all members of the board, so declare and call an election to be held in said district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of general obligation bonds of said district. Said ordinance shall state:

(a) The purpose for which the proposed debt is to be incurred, which may include expenses of all proceedings for the authorization, issuance and sale of the bonds.

(b) The estimated cost of accomplishing said purpose.

(c) The amount of the principal of the indebtedness.

(d) The maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years from the date thereof or the date of each series thereof.

(e) The maximum rate of interest to be paid, which shall not exceed 6 percent per annum.

(f) The proposition to be submitted to the voters.

(g) The date of the election.

(h) The manner of holding the election and the procedure for voting for or against the measure.

Notice of the holding of such election shall be given by publishing, pursuant to Section 6066 of the Government Code, the ordinance calling the election in at least one newspaper published in such district. No other notice of such election need be given. Except as otherwise provided in the ordinance, the election shall be conducted as other district elections.

If any proposition is defeated by the electors, the board shall not call another election on a substantially similar proposition to be held within six months after the prior election. If a petition requesting submission of such a proposition, signed by 15 percent of the district electors, as shown by the votes cast for all candidates for Governor at the last election, is filed with the board, it may call an election before the expiration of six months.

If two-thirds of the electors voting on the proposition vote for it, then the board may, by resolution, at such time or times as it deems proper, issue bonds of the district for the whole or any part of the amount of the indebtedness so authorized and may from time to time, in such resolution or resolutions, provide for the issuance of such amounts as the necessity thereof may appear, until the full amount of such bonds authorized shall have been issued. Said full amount of bonds may be divided into two or more series and different dates and different dates of payment fixed for the bonds of each series. A bond need not mature on an anniversary of its date. The maximum term the bonds of any series shall run before maturity shall not exceed 40 years from the date of each series respectively. In such resolution or resolutions the board shall prescribe the form of the bonds and the form of any coupons to be attached thereto, the registration, conversion and exchange privileges, if any, pertaining thereto, and fix the time when the whole or any part of the principal shall become due and payable.

The bonds shall bear interest at a rate or rates not exceeding 6 percent per annum, payable semiannually, except that the first interest payable on the bonds or any series thereof may be for any period not exceeding one year as determined by the board. In the resolution or resolutions providing for the issuance of such bonds the board may also provide for call and

redemption of such bonds prior to maturity at such times and prices and upon such other terms as it may specify, provided that no bond shall be subject to call or redemption prior to maturity unless it contains a recita. to that effect or unless a statement to that effect is printed thereon. The denomination or denominations of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one thousand dollars (\$1,000). The principal of and interest on such bonds shall be payable in lawful money of the United States at the office of the treasurer of the district or at such other place or places as may be designated, or at either place or places at the option of the holders of the bonds. The bonds shall be dated, numbered consecutively and shall be signed by the chairman and treasurer, countersigned by the clerk and the official seal of the district attached. The interest coupons of such bonds shall be signed by the treasurer. All such signatures, countersignatures and seal may be printed, lithographed or mechanically reproduced, except that one of such signatures or countersignatures on the bonds shall be manually affixed. If any officer whose signature or countersignature appears on bonds or coupons ceases to be such officer before the delivery of the bonds, his signature is as effective as if he had remained in office.

The bonds may be sold as the board determines by resolution but for not less than par. Before selling the bonds, or any part thereof, the board shall give notice inviting sealed bids in such manner as it may prescribe. If satisfactory bids are received the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders the board may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

Delivery of any bonds may be made at any place either inside or outside the State, and the purchase price may be received in cash or bank credits.

All accrued interest received on the sale of bonds shall be placed in the fund to be used for the payment of principal of and interest on the bonds and the remainder of the proceeds of the bonds shall be placed in the treasury to the credit of the proper improvement fund and applied exclusively to the purpose for which the debt was incurred; provided, however, that when said purpose has been accomplished any moneys remaining in such improvement fund (a) shall be transferred to the fund to be used for the payment of principal of and interest on the bonds, or (b) shall be placed in a fund to be used for the purchase of outstanding bonds of the district. The bonds may be purchased only after publishing pursuant to Section 6066 of the Government Code in the district a notice inviting sealed proposals for the sale of bonds to the district. Such notice shall state the time and place when proposals will be opened and the amount of money available for the purchase

of the bonds and the maximum price to be paid for said bonds so purchased. Said notice may be published elsewhere in the United States in the discretion of the board. The board may reject any or all proposals and if it rejects all thereof, may within a period of 30 days thereafter purchase for cash any outstanding bonds of the district but in that event the purchase price shall not be more than the lowest purchase price at which bonds were tendered to the district in the public bidding. Any bonds so purchased shall be canceled immediately.

After the expiration of three years after a general obligation bond election the board may determine, by ordinance adopted by two-thirds of all the members of the board, that any or all of the bonds authorized at said election remaining unsold shall not be issued or sold. When the ordinance takes effect, the authorization to issue said bonds shall become void.

Whenever the board deems that the expenditure of money for the purpose for which the bonds were authorized by the voters is impractical or unwise, it may, by ordinance adopted by two-thirds of all members of the board, so declare and call an election to be held in the district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of such bonds for some other purpose. The procedure, so far as applicable, shall be the same as when a bond proposition is originally submitted.

The board may provide for the issuance, sale or exchange of refunding bonds to redeem or retire any bonds issued by the district upon the terms, at the times and in the manner which it determines. Refunding bonds may be issued in a principal amount sufficient to pay all or any part of the principal of such outstanding bonds, the interest thereon and the premiums, if any, due upon call and redemption thereof prior to maturity and all expenses of such refunding. The provisions for this section for authorization, issuance and sale of bonds shall apply to the authorization, issuance and sale of such refunding bonds; except that when refunding bonds are to be exchanged for outstanding bonds the method of exchange shall be as determined by the board.

The district shall not incur a general obligation bonded indebtedness which in the aggregate exceeds 15 percent of the assessed value of all real and personal property in the district.

SEC. 17. Section 43 of said act is amended to read:

Sec. 43. All bonds issued pursuant to Section 42 of this act are general obligations of the district and at the time of making the general tax levy after the incurring of any such bonded indebtedness, and annually thereafter until the bonds are paid or until there is a sum in the treasury of the district set apart for that purpose sufficient to meet all payments of principal and interest on the bonds as they become due, the board must cause a tax to be levied and collected annually, as hereinafter provided in Sections 44 and 45 of this act, sufficient to pay the interest on the bonds and such part of the principal as will

become due before the proceeds of a tax levied at the next general tax levy will be available.

SEC. 18. Section 44 of said act is amended to read:

Sec. 44. The board shall, at least 30 days before the board of supervisors is required by law to fix the general tax levy, certify to the board of supervisors in writing the minimum amount of money required to be raised by taxation during the fiscal year for the payment of the principal of and interest on any general obligation bonded debt of the district that will become due before the proceeds of a tax levied at the next general tax levy will be available. To the extent that, pursuant to this act or otherwise, moneys are on hand and have been set aside in the proper special fund for the purpose of paying such principal and interest, the amount of money required to be raised by taxation during the fiscal year may be reduced and if all of the moneys required to be raised by such annual tax levy are actually on hand and have been set aside in said fund for said purpose from some such other source, the tax levy hereinbefore required for such year need not be made.

SEC. 19. Section 45 of said act is amended to read:

Sec. 45. The taxes required to be levied by Sections 43 and 44 of this act shall be levied upon all property within the district taxable for county purposes and shall be in addition to any and all other taxes levied by the board of supervisors and it shall be the duty of the officer, officers or body having authority to levy taxes within the county to levy the taxes so required. It shall be the duty of all county or other officers charged with the duty of collecting taxes to collect such taxes in the time, form and manner as county taxes are collected and when collected to pay the same to the district. All such taxes shall be of the same force and effect as taxes levied for county purposes and their collection may be enforced by the same means as provided for the collection of county taxes. Such taxes shall be used only for the payment of the bonds and interest thereon.

SEC. 20. Section 46 of said act is amended to read:

Sec. 46. On or before the 15th day of June of each year, the district board shall estimate and determine the amount of money required by the district and shall adopt a preliminary budget which shall be divided into the following main classes:

The money when collected by the tax collector of the county shall be paid to the treasurer of said district; provided further, that any levy for capital outlay or for Capital Outlay Fund shall not exceed three cents (\$.03) per hundred dollars (\$100) assessed valuation of all real and personal property in the district.

(a) By ordinance adopted by two-thirds of all the members of the board and subject to referendum, the board may provide for the issuance of such bonds, and, unless said ordinance is subjected to referendum, no election shall be required to authorize the issuance of the bonds. A petition protesting against the adoption of such ordinance shall be signed by voters of the district equal in number of at least 5 percent of the entire vote cast within the district for all candidates for Governor at the last gubernatorial election.

(b) The aggregate amount of revenue bonds outstanding at any one time which have not been authorized or approved at an election shall not exceed ten million dollars (\$10,000,000).

Nothing contained in this act or in any other law shall be held to relieve the district or the territory included within it from any bonded or other debt or liability contracted by the district. Upon dissolution of the district or upon withdrawal of territory therefrom, the property formerly included within the district or withdrawn therefrom shall continue to be liable for the payment of all bonded and other indebtedness or liabilities outstanding at the time of such dissolution or withdrawal the same as if the district had not been so dissolved or the territory withdrawn therefrom, and it shall be the duty of the successors or assigns to provide for the payment of such bonded and other indebtedness and liabilities. Bonds, notes and other evidences of indebtedness issued or incurred by the district shall be signed as provided in the section of this act applicable thereto or as provided in any other law applicable thereto; provided, however, that if the particular section or law does not prescribe the method of such execution, the method provided for general obligation bonds of the district shall apply so far as applicable.
