CHAPTER 946

An act to add Section 21670.3 to, and to add Division 17 (commencing with Section 170000) to, the Public Utilities Code, and to amend Sections 4 and 5 of the San Diego Unified Port District Act (Chapter 67 of the Statutes of 1962, First Extraordinary Session), relating to airports.

[Approved by Governor October 14, 2001. Filed with Secretary of State October 14, 2001.]

The people of the State of California do enact as follows:

SECTION 1. Section 21670.3 is added to the Public Utilities Code, to read:

21670.3. (a) Sections 21670 and 21670.1 do not apply to the County of San Diego. In that county, the San Diego County Regional Airport Authority, as established pursuant to Section 170002, is responsible for coordinating the airport planning of public agencies within the county and shall, on or before June 30, 2005, after reviewing the existing comprehensive land use plan adopted pursuant to Section 21675, adopt a comprehensive land use plan.

(b) Any comprehensive land use plan developed pursuant to Section 21675 and adopted pursuant to Section 21675.1 by the San Diego Association of Governments shall remain in effect until June 30, 2005, unless the San Diego County Regional Airport Authority adopts a plan prior to that date pursuant to subdivision (a).

SEC. 2. Division 17 (commencing with Section 170000) is added to the Public Utilities Code, to read:

DIVISION 17. SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

CHAPTER 1. GENERAL PROVISIONS

170000. This division shall be known and may be cited as the San Diego County Regional Airport Authority Act.

170002. There is hereby established the San Diego County Regional Airport Authority, as a local governmental entity of regional government, with jurisdiction extending throughout the County of San Diego.

170004. The Legislature hereby finds and declares all of the following:

(a) The population in San Diego County is forecasted to grow to 4.1 million persons by 2030, a 45 percent increase over its population in 2000. In light of this growth, it is incumbent upon the region to take
actions to provide for an economy that will create sufficient opportunity and wealth to ensure a high quality of life for all its residents.

(b) The globally competitive, export-oriented electronics, communications, and biotechnology industries of San Diego County already employ over 300,000 persons, nearly a third of the local labor force, and will continue to drive the region’s economy as it competes in the expanding national and international markets.

(c) Air transportation will be an important factor in fostering continued economic growth in San Diego County, as technology workers travel by air 40 percent more frequently than workers in other sectors of the economy.

(d) According to the Joint Aviation Advisory Committee established by the San Diego Association of Governments and the San Diego Unified Port District, San Diego International Airport today contributes about $4.3 billion to the San Diego regional economy, which is about 4 percent of the total output of the region’s economy. With the demand for air travel expected to more than double to 35 million passengers in 2030, an airport capable of supporting that demand would contribute up to $8 billion to the regional economy. Failure to increase San Diego’s regional airport capacity would result in 56,000 fewer jobs and up to $2.5 billion less in personal income by 2030. More than 50 percent of the reduction in jobs would occur in the industries related to air exports, including the high-technology industries that manufacture machinery, electronic equipment, and instruments. The balance of the impact would be in the visitor-related industries.

(e) The San Diego Regional Government Efficiency Commission was established under Chapter 764 of the Statutes of 2000 to evaluate regional governance in San Diego County and to submit a report to the Legislature for improving regional governance. To facilitate its purpose, that commission formed a Port Working Group, a Governance Working Group, a Transportation Working Group, and an Environmental and Land Use Working Group to examine regional governance in the region and to propose options for its improvement. The Port Working Group studied the role and function of the San Diego Unified Port District and in collaboration with the Transportation Working Group created a special joint committee to examine airport development issues in the region. After reviewing the options developed by the joint committee, the commission has recommended to the Legislature, by resolution adopted on July 6, 2001, that a new airport authority be created by statute in San Diego County.

(f) Because of the significant regional consequences of airport development and operations, it is important that the future development of major airport facilities in San Diego County be addressed in the
context of a regional decisionmaking process that has regional representation.

(g) In an effort to assure the continued military readiness of the United States Department of Defense (DOD), comprehensive airport planning must consider and protect military airspace needs in the San Diego region. The activities of the DOD in the San Diego region require mission-essential airspace for training and operations. In addition, the DOD has direct economic expenditures in San Diego County of nearly $10 billion annually, and represents over 376,000 residents of the region. For these reasons, the DOD is a major stakeholder in the region’s comprehensive plans for a viable airport solution.

170006. For the purposes of this division, the following terms have the following meanings, unless the context requires otherwise.

(a) The “authority” means the San Diego County Regional Airport Authority established under this division.

(b) The “board” means the governing board of the authority established as specified in Section 170016.

(c) The “interim board” means the limited term board established as specified in Section 170012.

(d) The “port” means the San Diego Unified Port District established under the San Diego Unified Port District Act (Chapter 67 of the Statutes of 1962, First Extraordinary Session).

(e) The “San Diego International Airport” means the airport located at Lindbergh Field in the County of San Diego.

(f) (1) The “north area cities” mean the cities of Carlsbad, Del Mar, Encinitas, Escondido, Oceanside, San Marcos, Solana Beach, and Vista.

(2) The “south area cities” mean the cities of Coronado, Imperial Beach, Chula Vista, National City, Lemon Grove, El Cajon, La Mesa, Santee, and Poway.

If that service is proven feasible, the authority shall endeavor to maximize the convenience of its patrons by incorporating the service into the design of its terminals.

170054. (a) The authority shall form an advisory committee to assist it in performing its responsibilities related to the planning and development of all airport facilities for the County of San Diego, including the airport activities and operations of the United States Department of Defense. 170058.5. If the authority is required to acquire the “General Dynamics Property” described in Section 170058 as part of an adopted airport expansion plan, the value of the property for purposes of that acquisition shall be set at the fair market value that the property holds on June 30, 2001, plus an adjustment for inflation.

170059. The port, in consultation with the authority, may relocate parking facilities. However, the port may not take any action to diminish the amount of parking available at the San Diego International Airport without the concurrence of the authority.

170060. The authority shall be the trustee of any public lands and other assets transferred from the port to the authority. The authority shall hold and administer those lands and assets pursuant to the terms and conditions set forth in the San Diego Port District Act for the purposes of operating airport facilities. The trusteeship of those lands and assets shall revert to the port on the date that airport operations cease on those lands.

170062. (a) Under the leadership of the interim board, a transition plan shall be developed to facilitate the transfer of the San Diego
International Airport to the authority. To facilitate the preparation of a transition plan, the authority and the port may jointly commission a certified audit to determine the financial condition of the San Diego International Airport, including, but not limited to, the obligations of the airport and the reasonableness of the overhead charges being paid by the airport to the port.

(b) The port shall cooperate in every way to facilitate the transfer of the San Diego International Airport to the authority.

(b) The authority is the only agency authorized in the County of San Diego to receive proceeds from grants from the federal government, including, but not limited to, the Federal Aviation Administration, for purposes of planning, constructing, or making other improvements to a civilian airport.
(c) The authority shall cooperate with all other airports in the county to further the development of a countywide aviation system. To this end, the authority shall facilitate the pass-through of state and federal grants, without deduction for any cost associated with processing that pass-through, to local airport operators, if those grants are for purposes that are consistent with the aviation element of the regional transportation plan or with an adopted program of projects.

170068. The authority may accept the transfer of ownership of other publicly owned airports in the County of San Diego. Any transfer shall include the preparation of a transition plan to ensure the orderly transfer of assets and obligations. In accepting a transfer, the authority may assume no financial obligations other than those associated with the operation of the airport being transferred.

170070. (a) The authority may issue bonds, payable from revenue of any facility or enterprise operated, acquired, or constructed by the authority, in the manner provided by the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code).

(b) The authority is a local agency within the meaning of the Revenue Bond Law of 1941. For all the purposes of this article, the term “enterprise,” as used in the Revenue Bond Law of 1941, includes the airport system or any or all facilities and all additions and improvements that the authority’s governing board authorizes to be acquired or constructed.

(c) Nothing in this section prohibits the authority from availing itself of any procedure provided in this chapter for the issuance of bonds of any type or character for any of the authorized airport facilities. All bond proceedings may be carried on simultaneously or, in the alternative, as the authority may determine.

170072. The authority may levy special benefit assessments consistent with the requirements of Article XIII D of the California Constitution to finance capital improvements, including, but not limited to, special benefit assessments levied pursuant to any of the following:

(c) The Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code).

(d) The Landscaping and Lighting Act of 1972 (Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code).

(e) Chapter 1 (commencing with Section 99000) of Part 11 of Division 10 of the Public Utilities Code, if the authority participates in the development of rail access to an airport.
170074. The authority may borrow money in accordance with Article 7 (commencing with Section 53820) of, Article 7.6 (commencing with Section 53850) of, or Article 7.7 (commencing with Section 53859) of, Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code.

170076. (a) The authority may borrow money in anticipation of the sale of any bonds that have been authorized to be issued, but have not been sold and delivered, and may issue negotiable bond anticipation notes therefor, and may renew the bond anticipation notes from time to time, but the maximum maturity of any bond anticipation notes, including the renewals thereof, may not exceed five years from the date of delivery of the original bond anticipation notes. The bond anticipation notes may be paid from any money of the authority available therefor and not otherwise pledged.

(b) If not previously otherwise paid, the bond anticipation notes shall be paid from the proceeds of the next sale of the bonds of the authority in anticipation of which they were issued. The bond anticipation notes may not be issued in any amount in excess of the aggregate amount of bonds that the authority has been authorized to issue, less the amount of any bonds of the authorized issue previously sold, and also less the amount of other bond anticipation notes therefore issued and then outstanding. The bond anticipation notes shall be issued and sold in the same manner as the bonds. The bond anticipation notes and the resolution or resolutions authorizing them may contain any provisions, conditions, or limitations that a resolution of the authority authorizing the issuance of bonds may contain.

170078. The authority may bring an action to determine the validity of any of its bonds, equipment trust certificates, warrants, notes, or other evidences of indebtedness pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

170080. All bonds or other evidences of indebtedness issued by the authority under this chapter, and the interest thereon, are free and exempt from all taxation within the state, except for transfer, franchise, inheritance, and estate taxes.

170082. (a) Notwithstanding any other provisions of this division or any other law, the provisions of all ordinances, resolutions, and other proceedings in the issuance by the authority of any bonds, bonds with a pledge of revenues, bonds for improvement districts, revenue bonds, equipment trust certificates, notes, or any and all evidences of indebtedness or liability constitute a contract between the authority and the holders of the bonds, equipment trust certificates, notes, or evidences of indebtedness or liability, and the provisions thereof are enforceable against the authority or any or all of its successors or assigns, by
mandamus or any other appropriate suit, action, or proceeding in law or in equity in any court of competent jurisdiction.

(b) Nothing in this division or in any other law shall be held to relieve the authority or the territory included within it from any bonded or other debt or liability contracted by the authority.

(c) Upon dissolution of the authority or upon withdrawal of territory therefrom, that territory formerly included within the authority, or withdrawn therefrom, shall continue to be liable for the payment of all bonded and other indebtedness or liabilities outstanding at the time of the dissolution or withdrawal as if the authority had not been so dissolved or the territory withdrawn therefrom, and it shall be the duty of the successors or assigns to provide for the payment of the bonded and other indebtedness and liabilities.

(d) Except as may be otherwise provided in the proceedings for the authorization, issuance, and sale of any revenue bonds, bonds secured by a pledge of revenues, or bonds for improvement districts secured by a pledge of revenues, revenues of any kind or nature derived from any revenue-producing improvements, works, facilities, or property owned, operated, or controlled by the authority shall be pledged, charged, assigned, and have a lien thereon for the payment of the bonds as long as they are outstanding, regardless of any change in ownership, operation, or control of the revenue-producing improvements, works, facilities, or property and it shall, in any later event or events, be the duty of the successors or assigns to continue to maintain and operate the revenue-producing improvements, works, facilities, or property as long as bonds are outstanding.

170084. The authority shall assume and be bound by the terms and conditions of employment set forth in any collective bargaining agreement between the port and any labor organization affected by the creation of the authority, as well as the duties, obligations, and liabilities arising from, or relating to, labor obligations imposed by state or federal law upon the port. The employees of the port affected by this division shall become employees of the authority and shall suffer no loss of employment or reduction in wages, health and welfare benefits, seniority, retirement benefits or contributions made to retirement plans, or any other term of condition of employment as a result of the enactment of this division.

   (d) This section shall become operative on December 2, 2002.

SEC. 4. Section 5 of the San Diego Unified Port District Act (Chapter 67 of the Statutes of 1962, First Extraordinary Session), as amended by Section 1.5 of Chapter 399 of the Statutes of 1996, is amended to read:

Sec. 5. The regulatory, taxing, and police power jurisdiction of the district, as otherwise provided for in this act, shall apply to the above-described area.
   (b) In addition to the powers and authority described in subdivision (a), the district shall exercise its land management authority and powers over the following areas:
      (1) The tidelands and submerged lands granted to the district pursuant to this act or any other act of the Legislature.
      (2) Any other lands conveyed to the district by any city or the County of San Diego or acquired by the district in furtherance of the district’s powers and purposes as provided in Section 87.
   (c) This section shall become operative on December 2, 2002.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees,
or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.
