(a) That the lands shall be used by the city and its successors for purposes in which there is a general statewide interest as follows:

(b) The city, or its successors shall not at any time, grant, convey, give or alienate such lands, or any part thereof, to any individual, firm or corporation for any purposes whatever; provided, that the city, or its successors, may grant franchises thereon for limited periods, not exceeding 66 years, for wharves and other public uses and purposes, and may lease the lands, or any part thereof, for limited periods, not exceeding 66 years, for purposes consistent with the trusts upon which the lands are held by the state, and with the requirements of commerce and navigation, and collect and retain rents and other revenues from such leases, franchises and privileges. Such lease or leases, franchises and privileges may be for any and all purposes which shall not interfere with commerce and navigation. (c) Within 10 years from the effective date of this act, the lands shall be substantially improved by the city without expense to the state, and if the State Lands Commission determines that the city has failed to improve the lands as herein required, all right, title, and interest of the city in and to all lands granted by this act shall cease and the lands shall revert and rest in the state.

Nothing contained in this act, however, shall preclude expenditures for the development of the lands for any public purpose not inconsistent with commerce, navigation and fishery, by the state, or any board, agency or commission thereof, when authorized or approved by the city, nor by the city of any funds received for such purpose from the state or any board, agency or commission thereof.

(h) Such lands are granted subject to the express reservation and condition that the state may at any time in the future use the lands or any portion thereof for highway purposes without compensation to the city, its successors or assigns, or
any person, firm or public or private corporation claiming under it, except that in the event improvements, betterments or structures have been placed upon the property taken by the state for such purposes, compensation shall be made to the person entitled thereto for the value of his interest in the improvements, betterments or structures taken or the damages to such interest.

(i) The State Lands Commission shall, at the cost of the city, survey and monument the granted lands and record a description and plat thereof in the office of the County Recorder of Santa Barbara County.

(j) The city shall cause to be made and filed with the State Lands Commission, annually, a detailed statement of receipts and expenditures by it of all rents, revenues, issues and profits in any manner hereafter arising from the granted lands or any improvements, betterments or structures thereon.

SEC. 2 Section 2 is added to Chapter 1044 of the Statutes of 1968, to read:

Sec. 2. In addition to the tidelands and submerged lands to which the City of Carpinteria has become the successor in interest, upon its incorporation, to the County of Santa Barbara pursuant to Section 1 of this act, the title to any tidelands and submerged lands located within the boundaries of the City of Carpinteria as were originally granted to the County of Santa Barbara by Chapter 846 of the Statutes of 1931 which have been annexed to the City of Carpinteria since its incorporation is hereby transferred to the City of Carpinteria. Title to any and all tidelands and submerged lands as were originally granted to the County of Santa Barbara by Chapter 846 of the Statutes of 1931 which are at any time in the future annexed to the City of Carpinteria shall be transferred to the City of Carpinteria upon such annexation. Whenever at any time after the effective date of this section the city boundaries are changed so as to include tide or submerged lands which are subject to leases made by the county, the city shall become the successor in interest to all such leases. Any and all accrued rental or rental lease payments or other payments or remunerations previously collected by the county with respect to such tide and submerged lands from September 25, 1965, to the effective date of this section which remain unexpended shall be pro-
rated to the city by the Auditor-Controller of the County of Santa Barbara in direct proportion to the area of tide and submerged lands located within the city on the effective date of this section as the same bears to the total area of the tide and submerged lands trust originally granted to the county by Chapter 846 of the Statutes of 1931. From and after the effective date of this section, payments by lessees under any tide or submerged lands lease agreement made by the county pursuant to which title is transferred or confirmed to the city shall thereafter be made to the city as follows:

(a) If the structures and affected land covered by such lease are wholly within the city, then the lessee shall pay all future rental payments to the city.

(b) In the event of pipeline leases located partly within the county and partly within the city, payments of the lessee shall be apportioned to the city and to the county in direct proportion to the length of the pipeline located within the city as the same bears to the length of the pipeline in the county.

(c) As to all other leases and agreements, the subject matter of which lies partly within the city, the lessee shall be notified by the Auditor-Controller of the County of Santa Barbara of the ratio to be paid to the city, which ratio shall be equitably determined by the auditor-controller on an area basis.

The sums due the city from the county on the effective date of this section shall be transferred to, and vested in, the city by the county. All funds paid to the city shall be held and expended by the city pursuant to the terms of this act.

Amortization payments made subsequent to the effective date of the enactment of this act at the 1971 Regular Session of the Legislature for capital improvements of the granted lands for purposes authorized by the terms of the grant may be considered as expenditures for the purpose of determining net revenues. The excess revenue, as determined pursuant to this section, shall be divided as follows: 85 percent to the General Fund in the State Treasury, and 15 percent to the city to be deposited in the city's trust fund and used for any purpose authorized by Section 7 of this act.

Sec. 11. Section 12 is added to Chapter 1044 of the Statutes of 1968, to read:

Sec. 12. In the event that the city fails or refuses to file with the State Lands Commission or with the Auditor General any report, statement, or document required by any provision of this act within the time period specified by this act, or any extension period granted pursuant to this act within 30 days after written notice to the city, or fails or refuses to carry out the terms of the grant within 30 days after written notice to the city, the State Lands Commission or the Auditor General shall within 60 days notify the Chief Clerk of the Assembly and the Secretary of the Senate.
The Attorney General shall, upon request of the State Lands Commission, after the city has been given such notice and after such failure or refusal by the city, bring such judicial proceedings for correction and enforcement as are appropriate, and shall act to protect any properties and assets situated on the granted tidelands or derived therefrom.

**SEC. 12.** Section 13 is added to Chapter 1044 of the Statutes of 1968, to read:

Sec. 13. The State Lands Commission may from time to time, at the request of the Legislature, institute a formal inquiry to determine that the terms and conditions of the grant and amendments thereto have been complied with, and that all other applicable provisions of law concerning these specific granted lands are being complied with in good faith.

**SEC. 13.** Section 14 is added to Chapter 1044 of the Statutes of 1968, to read:

Sec. 14. The Auditor General shall, on or before March 30 of each year, commencing on March 30, 1975, report to the Chief Clerk of the Assembly, to the Secretary of the Senate, and to the State Lands Commission, the full details of any transaction or condition reported to him pursuant to this act which he deems in probable conflict with the requirements of this act, or with any other applicable provision of law concerning these specific granted lands.

**SEC. 14 Section 15 is added to Chapter 1044 of the Statutes of 1968, to read:**

Sec. 15. The Attorney General shall bring an action in the Superior Court of the County of Santa Barbara to declare that the grant under which the city holds such tidelands and submerged lands is revoked for gross and willful violation of the terms of the grant or other applicable provisions of law concerning these specific granted lands, or to compel compliance with the terms and conditions of the grant, or the provisions of such other applicable law, upon request by concurrent resolution of either house of the Legislature or upon formal request of the State Lands Commission. Such request shall be made only after a finding that the city has grossly and willfully violated the terms of the grant or other applicable provisions of law concerning these specific granted lands.

Such finding shall be supported by substantial evidence and shall be made only at the conclusion of a noticed public hearing at which the city has been given an opportunity to present evidence to fully describe conditions and extenuating circumstances and to present facts to disprove the alleged violation.

**SEC. 15.** Section 16 is added to Chapter 1044 of the Statutes of 1968, to read:

Sec. 16. In the event the grant of tidelands in trust to the city is revoked pursuant to Section 15 of this act, such revocation shall not impair or affect the security of leases or the rights or obligations of third parties, including lessees, lenders for value, or others who are parties to contracts which, except for such revocation, would be lawful and binding contracts,
