Such lease or leases, franchises and privileges may be for any and all purposes which shall not interfere with commerce and navigation. Nothing contained in this paragraph (b) shall be deemed to affect the validity or term of any franchise granted by said city under the Franchise Act of 1937, and any such franchise shall be effective with respect to the lands.

Any plan for development involving filling, dredging or other improvements must first be approved by the State Lands Commission 90 days prior to commencement of work thereon. In the event that the commission does not respond within 90 days of receipt, approval of the project is deemed to be given. The purpose of this provision is to insure that the provisions of Chapter 1642, Statutes of 1967, are being carried out and that any developments by local agencies pursuant to legislative grants or otherwise will be in accord with policies and plans included in the California Comprehensive Ocean Area Plan.

(c) Within 10 years from the effective date of this act, the lands shall be substantially improved by the city without expense to the state, and if the State Lands Commission determines that the city has failed to improve the lands as herein required, all right, title, and interest of the city in and to all lands granted by this act shall cease and the lands shall revert and rest in the state.

(h) Such lands are granted subject to the express reservation and condition that the state may at any time in the future use the lands or any portion thereof for highway purposes without compensation to the city, its successors or assigns, or any person, firm or public or private corporation claiming under it, except that in the event improvements, betterments or structures have been placed upon the property taken by the state for such purposes, compensation shall be made to the person entitled thereto for the value of his interest in the improvements, betterments or structures taken or the damages to such interest.

(i) The State Lands Commission shall, at the cost of the city, survey and monument the granted lands and record a description and plat thereof in the office of the County Recorder of Santa Cruz County.

(j) The city shall cause to be made and filed with the Department of Finance, annually, a detailed statement of receipts and expenditures by it of all rents, revenues, issues and profits in any manner hereafter arising from the granted lands or any improvements, betterments or structures thereon.
