That part of Bodega Harbor, in Sonoma County, California, situated inside and landward of a straight line beginning at the southwesterly end of the South Jetty at the entrance to said Bodega Harbor at its intersection with Bodega Head, running thence north to a point in the North Jetty on the sand spit locally known as "Doran Park"; said tide and submerged lands lie bayward of the ordinary high water mark as meandered and shown on the United States General Land Office Plat for Bodega Ranch, and specifically described on said plat between stations; and by courses numbered 79 to 131, both inclusive, as surveyed by the U. S. Surveyor General for California and dated November 21, 1857.

Nothing contained in this paragraph (a) shall be deemed to affect the validity or term of any franchise granted by said county under the Broughton Act, and any such franchise shall be effective with respect to said lands when title thereto passes to said county hereunder.

(b) That said lands shall be improved by said county without expense to the State, and shall always remain available for public use for all purposes of commerce and navigation, and the State of California shall have at all times, the right to use, without charge, all wharves, docks, piers, slips, quays, and other improvements and facilities constructed on said lands, or any part thereof, for any vessel or other water or aircraft, or railroad, owned or operated by the State of California.

(c) That in the management, conduct or operation of said harbor, or of any of the utilities, structures, appliances or facilities mentioned in paragraph (a), no discrimination in rates, tolls, or charges or in facilities for any use or service in connection therewith shall ever be made, authorized or permitted by said county or its successors.

(d) There is hereby reserved, however, in the people of the State of California the absolute right to fish in the waters of said harbor with the right of convenient access to said waters over said lands for said purposes.

(e) There is hereby excepted and reserved to the State of California all deposits of minerals, including oil and gas, in said land, and to the State of California, or persons authorized by the State of California, the right to prospect for, mine, and remove such deposits from said land.

(f) The lands herein described are granted subject to the express reservation and condition that the State may at any time in the future use said lands or any portion thereof for highway purposes without compensation to the county, its successors or assigns, or any person, firm or public or private corporation claiming under it, except that in the event improvements have been placed upon the property taken by the State for said purposes, compensation shall be made to the person entitled thereto for the value of his interest in the improvements taken or the damages to such interest.

(g) That within 10 years from the effective date of this act said lands shall be substantially improved by said county without expense to the State, and if the State Lands Commission determines that the county has failed to improve said lands as herein required, all right, title, and interest of said county in and to all lands granted by this act shall cease and said lands shall revert and rest in the State.

(h) Within 10 years from the effective date of this act said county may present to the State Lands Commission a plan for the improvement and development of said lands. If the commission determines that the plan and the improvements contemplated therein would, if completed, constitute substantial improvement within the meaning of subdivision (g) of this section, it shall conditionally approve the plan. Completion of the improvements thus conditionally approved, if completed within 10 years of the effective date of this act, and a determination of such completion by the commission, shall constitute a conclusive determination that the lands have been "substantially improved" within the meaning of subdivision (g), and, upon such determination by the commission, subdivision (g) and the conditions expressed therein shall be of no force or effect. Such improvements must be completed within the 10 year period, but such determination of their completion by the commission may be made after the 10 year period has elapsed.

If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 4. Nothing contained in this act shall preclude the county from accepting and retaining any grant of funds from the State made available for the purpose of aiding in the development of said lands for any public purpose not inconsistent with the promotion and accommodation of commerce and navigation.

SEC. 5. Chapter 1406 of the Statutes of 1951 is repealed.
