

# Hull Cleaning in the Port of Long Beach

Port of  
**LONG BEACH**  
*The Green Port*

**Dylan Porter**  
**POLB Environmental Planning Division**

# Port of Long Beach

Premier gateway for U.S-Asia  
trade, major Southern California  
economic engine

# Diverse Cargo

\$155 billion a year in trade

The background of the slide features several green flags with white environmental graphics, including stylized leaves and a recycling symbol. The word "Environment" is partially visible on one of the flags. A semi-transparent green box is overlaid on the lower-left portion of the image, containing the main text.

## The Green Port

Long Beach leads the way in reducing impacts of Port operations with the Green Port Policy and environmental programs

# Existing regulations

**What is technologically & economically feasible?**

# The Port of Long Beach's Perspective

A seal is swimming underwater in clear blue water. The seal's head is visible, and it appears to be looking towards the camera. The water is a deep blue color, and there are some ripples on the surface.

**Thank You!**
