**NOTICE OF INTENT TO CONSIDER AN ADDENDUM
TO AN ENVIRONMENTAL IMPACT REPORT**

An Addendum to an Environmental Impact Report (EIR) has been prepared by the California State Lands Commission (CSLC or Commission), as a responsible agency under the California Environmental Quality Act (CEQA) (Pub. Resources Code, § 21000 et seq.), in response to an application submitted by the City of Los Angeles Department of Water and Power (City) to implement modifications to the Owens Lake Dust Mitigation Program Phase 9/10 Project. Proposed changes to the Project described in this Addendum include constructing berms and installing irrigation pipeline necessary for the implementation of dynamic water management (DWM) in two Dust Control Areas (DCAs) T13-1 Addition and T17-2.

On June 2, 2015, the City, as lead agency under CEQA, certified an EIR for the Owens Lake Dust Mitigation Program — Phase 9/10 Project (State Clearinghouse No. 2014071057). The Addendum for the Project modifications described above is in compliance with the requirements of CEQA and the State CEQA Guidelines (Cal. Code Regs., tit. 14, § 15000 et seq.).

Project Title: Owens Lake Dust Mitigation Program Phase 9/10 Project

Project Location: Owens Lake, Inyo County, California

Project Description: Amend the Project to authorize modifications to the Owens Lake Dust Mitigation Program Phase 9/10 Project.

The Addendum can be downloaded, in PDF format, at www.slc.ca.gov (click on the Information and CEQA link).

The Commission will consider the Addendum with the previously certified EIR at the April 5, 2019, scheduled meeting of the Commission, unless otherwise stated on the CSLC's website (Cal. Code Regs., tit. 14, § 15164, subd. (d)). The specific time and location of the meeting and the agenda have been posted on the Commission's website at www.slc.ca.gov.

Should you have any questions or need additional information from a State or CEQA perspective, please contact Sarah Mongano at (916) 574-1889 or Sarah.Mongano@slc.ca.gov.

Jennifer Lucchesi
Executive Officer
