

Website Accessibility Certification

California State Lands Commission

The California State Lands Commission is committed to providing accessible information contained on our website. The Commission is working to satisfy Priorities 1 and 2 guidelines, for "AA" compliance of the World Wide Web Consortium (W3C), Web Content Accessibility Guidelines 2.0.

We strive to maintain all information at acceptable accessibility levels, but some of the older and historical records, which provide value to our website visitors, do not meet the defined standards. If you are unable to view or access one of these records, please contact us at CSLC.Accessibility@slc.ca.gov and we will assist you.
