Using length of blocks as
400' 290'
from the westerly side
of Park to 1350 Charta line
(i.e. westerly side of Ribeca 324-337)
= 3250' + E. streets. Corresponding
distance per Van Ness Map and/or
Map of Nebraska Commrs. = width 3262' 3"
or 3255' 0". Probable unknown factor
is width of streets according to various
subdivisions, probably 60'.
